## Ike Opposes Rights Bill Jury Trial Amendment

### Russell Bars Moves To Fix Voting Time

Knowland Prefers Setting Deadline To Tabling Motion

WASHINGTON, July 31 (P)—President Eisenhower urged the Senate today to pass the civil rights bill quickly—and without a jury trial amendment.

"I support the bill as it now stands, earnestly, and I hope that it will be passed soon," the President told his news conference.

"That is my last word on civil rights," he added.

A sweeping jury trial amendment which would revise the general law in criminal contempt cases is now being debated by the Senate.

Three attempts to fix a time for voting on it were made this afternoon but all were blocked by Sen. Russell (D-Ga.), leader of the Southern opposition to the bill.

GOP Leader Knowland of California asked first for a vote on the amendment tomorrow, then for one Friday and finally for one Saturday. Russell objected each time.

Tabling Motion Considered

The Georgian said he hoped a vote can be reached by tomorrow night but that he didn't want to commit his forces to a definite time. The Southerners favor the amendment while opposing the bill as a whole.

Knowland also has under consideration a motion to table the amendment. Such a motion is not debatable. If it were offered and adopted the amendment would be killed. If the motion were lost the situation would remain as it is.

Senate leaders continued their efforts to lay aside the civil rights bill temporarily to get action on a number of appropriations measures and other legislation blocked by the long debate.

A unanimous consent agreement is needed to suspend the civil rights debate. Sen. Morse (D-Ore.) blocked such an agreement yesterday, but he said today he would have no objection to sidetracking civil rights temporarily if the agreement contained a debate limitation clause and fixed a time for a vote on the jury trial amendment.

Vote Aug. 8 Suggested

Morse suggested a vote before or soon after Aug. 8, one week from tomorrow. There was no immediate indication whether Southern Democrats opposing the civil rights legislation would commit themselves to a specific voting time.

Knowland, the Senate Republican leader, told newsmen he would prefer a voting deadline of this week. He could force a vote by offering a motion to table the amendment. But he said he wouldn't do this without giving at least a day's advance notice.

Adoption of a tabling motion would kill this particular amendment, but others could be offered.

Windsor Rebuffed Nazi Offer In 1940

WASHINGTON, July 31 (P)—Captured German war documents disclosed today the Nazis offered in 1940 to put the Duke of Windsor back on the British throne provided he undercut Prime Minister Churchill and got his people to surrender.

Windsor refused despite phony bomb scares and other "threats" to his life and the life of the American-born duchess — "The woman I love"—for whom he gave up the throne in 1936.

But the Nazis thought he "hesitated even up to the last moment." They blamed the duke's legal adviser and then deputy foreign minister, Sir Walter Monckton, as the nemesis who "influenced" Windsor to reject their grandiose plan.

### Plan To Return German Assets Due Next Week

WASHINGTON, July 31 (P)—A new administration plan to hand back some German assets seized during World War II will be submitted to Congress early next week.

This was announced today by James C. Hagerty, White House press secretary, and the German Embassy promptly commented that the announcement "undoubtedly represents progress in comparison to the old proposals."

It was apparent that the Eisenhower administration will propose going somewhat beyond its previous plan, but how far could not be determined at once.

The question of what to do about the hundreds of millions of dollars in seized assets has been hotly argued for more than a decade.

Up to now, the administration has proposed the return of individually owned assets up to \$10,000 a person to German and Japanese nationals while the property of corporations would not have been returned.

Today's statement by Hagerty, which he said should be regarded as a statement of administration intention, drew no differences between individual and corporation property. It said:

"In order to reflect the historic American policy of maintaining the sanctity of private property even in wartime, the administration intends as a matter of priority to submit to the Congress, early in the coming session, a supplementary plan.

"It is contemplated that this plan would provide for the payment in full of all legitimate war claims of Americans against Germany and would permit, as an act of grace, an equitable monetary return to former owners of vested assets."

**Infiltrators Wounded**

JERUSALEM, Israeli Sector, July 31 (P)—Three Arab infiltrators were wounded today by an Israeli patrol on the Syrian border, an army spokesman reported.

**Thousands Face Payless Paydays In Senate Tieup**

WASHINGTON, July 31 (P)—A Senate stalemate tonight confronted several of the government's biggest agencies with the bleak prospect of becoming technically penniless at midnight.

But, thanks to Uncle Sam's good credit rating, none of them except the Small Business Administration will have to close shop.

About the worst thing that may happen would be payless paydays for hundreds of thousands of government employees, including all members of the armed forces. For many employees it could mean hurried trips to personal loan departments or a dip into savings to put meat on the table. Sooner or later they will get their pay.

The stalemate stems from the fact that the Senate has failed to pass an emergency House measure financing a number of agencies for the month of August.

### Talks Reach Critical Point

LONDON, July 31 (P)—Secretary of State Dulles conferred nonstop with the Western Allies today and saw the Soviet delegate too in a drive to get some accord on disarmament.

It was reported substantial problems still divided the West in closed talks as the U.N. Disarmament subcommittee reached the Aug. 1 deadline set for this year's session.

The differences among the Allies were reported to be on ways of stopping a nuclear arms race. Western officials made it clear some detail will have to be referred back to government heads for decision.

Britain has been reluctant to agree to any immediate halt in tests of newly developed H-bombs. France has made clear that so long as nuclear weapon production continues it wants to develop its own weapons.

**Meetings Due To Continue**

Dulles was reported to have won Western approval for pushing the open skies inspection plan originally advanced by President Eisenhower, and for continuing the meetings beyond the deadline. The idea of going on also reportedly has Russian approval now.

The United States, Britain, France, Canada and the Soviet Union are members of the subcommittee. They must prepare a report on their talks for the 12-nation U.N. Disarmament Commission, which in turn is to report to the U.N. General Assembly opening in mid-September.

Dulles flew here Monday under orders from Eisenhower to get some agreement out of the conference.

**Bulgaria Idea Acceptable**

Informants said the West is also ready to announce acceptance of Soviet Premier Bulganin's general idea of ground inspection by international teams at key ports, airfields and rail junctions, but only to check on suspicions of sky inspectors.

The secretary dined tonight with British Prime Minister Macmillan, Foreign Secretary Selwyn Lloyd and U.S. Ambassador John Hay Whitney. He is understood to have talked with them about three other issues: Britain's defense spending program, the troubled situation in Oman and the Persian Gulf, and the demands of Cyprus for independence.

### House Plans Two Sessions Weekly Starting Aug. 10

WASHINGTON, July 31 (P)—House leaders today agreed tentatively to start a series of House recesses beginning about Aug. 10 and continuing until the Senate is ready for final adjournment.

The program informally agreed on at a meeting of Democratic and Republican leaders provides for two House sessions weekly with the understanding that no legislative business be transacted. That would allow members to leave Washington with the assurance they would not miss any votes.

The program of twice weekly meetings would continue until the Senate ends consideration of the civil rights bill and is ready to act on other legislation which still requires House action.

### Ike Flares Up, Denies Gluck "Bought" Post

(Picture on Page 5)

WASHINGTON, July 31 (P)—A visibly angry President Eisenhower said today the \$26,500 contributed to the Republican party by businessman Maxwell H. Gluck didn't figure in Gluck's appointment as ambassador to Ceylon.

"I don't take it very kindly as suggesting I would be influenced by such things," Eisenhower told his news conference.

Eisenhower's face reddened and he thrust his jaw forward as he discussed the appointment, approved by the Senate without debate on July 3.

The appointment became a matter of controversy only this week. The storm came after publication of Senate testimony in which Gluck said he couldn't name the prime minister of Ceylon, Solomon Bandaranaike. Gluck also said he couldn't pronounce the name of India's Prime Minister Jawaharlal Nehru.

Gluck gave this testimony July 2 at a closed hearing of the Senate Foreign Relations Committee. At the same session he said he gave \$20,000 to \$30,000 to the GOP in 1956. The recent report of the Senate Elections subcommittee listed his gifts at \$26,500.

Eisenhower said that, of course, he knew Gluck wasn't thoroughly familiar with Ceylonese affairs. But he said the 57-year-old businessman and horse breeder can certainly learn.

Gluck held a news conference of his own today, at the State Department, and reported he has already learned a lot.

The new diplomat said he actually knew the names of Bandaranaike and Nehru when the Senate committee questioned him. But he said he hesitated to say them aloud because they are "difficult ones" to pronounce.

Gluck, head of the 140-unit Darling Stores chain, said he has since "gone over these names" and can now pronounce them.

He said he has been "intensively briefed" and is sure he will make a good ambassador.

### Touhy's Prison Term Reduced

SPRINGFIELD, Ill., July 31 (P)—Gov. Stratton today reduced to three years the 199-year sentence of Roger Touhy for aiding a prison break, leaving him still under a 99-year term for kidnapping.

The action put parole within reach of the notorious prohibition era gangster, who went to prison for 99 years in 1934 for the kidnapping of John (Jake the Barber) Factor.

Touhy got the added 199-year sentence in 1943 for helping a convicted murder escape from Stateville Prison near Joliet. This term was to be served after the 99 years.

Under both terms, Touhy would not have been eligible for parole until the year 2033.

A prisoner is eligible for parole after serving one-third of his sentence. Touhy now would be eligible for parole in 1968.

### Wilson Resignation Is Believed Near

WASHINGTON, July 31 (P)—A rumor went around Washington today that Secretary of Defense Wilson's long-expected resignation may be near.

A report spread at the Air Force Assn. convention here that the resignation would be made known tomorrow. Asked about that, White House press secretary James C. Hagerty would say only:

"There is nothing—about the resignation—before me at the moment."

Wilson's intention to leave the government has been known for some time, but no date has been announced. Secretary of the Treasury Humphrey, another original member of the Eisenhower team, left office last Monday.

### Mont. Official, Convicts Confer In Wake Of Riot

DEER LODGE, Mont., July 31 (P)—Montana's attorney general and three state highway patrol officers walked into the state prison today among convicts who rioted nearly nine hours yesterday.

What Atty. Gen. Forrest H. Anderson said to the prisoners could not be heard, but whistling and handclapping swept through the inmates' ranks.

The convicts were locked in cell blocks this morning, but later many could be seen walking around the exercise yard. Apparently an order had been given to unlock the cells but there was no official confirmation.

Eight guards were seized during the nine-hour uprising but all were released unharmed, the last five shortly before the riot ended near midnight.

Three convicts were escorted this afternoon to the prison administration building, across the street from the penitentiary. They apparently were taken before the State Prison Commission, composed of Anderson, Gov. J. Hugo Aronson and Secretary of State Frank Murray.

A veteran guard captain, Everett Ripley, walked alone and unharmed through the area inside the gray stone walls this morning. Ripley told members of the Montana Prison Commission, waiting in Helena 60 miles to the east, "The prisoners are secure."

Later Deputy Warden Vern Lockwood and Ripley, with a detail of guards, returned to lock the prisoners in their cells.

A life-terminer, Harold Goff, sentenced in 1940 from Butte for murder, waited by a telephone as a spokesman for the convicts. Ripley told the commission.

Highway Patrol Supervisor Alex B. Stephenson said there would be no statement until after a meeting of the commission later in the day.

When Ripley made his solo entry into the prison yard, Stephenson said it was "to make a survey." Asked if the guard captain would look for weapons, Stephenson replied: "Yes, a general survey."

Ripley said nothing about weapons when he returned from his inspection which lasted an hour and 40 minutes.

### Bonn Envoy Breaks Off Moscow Talks

MOSCOW, July 31 (P)—West Germany's special ambassador, Rolf Lahr, broke off Soviet-German negotiations today and is returning to Bonn to report on a critical turn in the week-long talks.

For the first time since the trade, consular and repatriation sessions opened here July 23, no meeting of political or economic subcommittees was held. But a West German spokesman insisted the negotiations had not broken down completely.

### Whirlybird Used In Modern Style Ground Breaking

GARY, Ind., July 31 (P)—Builders of a four-million-dollar shopping center here conducted their ground-breaking ceremonies in modern style today.

Instead of the usual committee of local dignitaries turning the first shovel of earth with a gold-plated spade, they arranged to have the whole thing done by helicopter.

An awed audience watched the whirlybird fly in with the first load of lumber, hook on an excavator scoop and flutter off carrying the initial pile of dirt.

### Youths Quizzed In Gang Killing

NEW YORK, July 31 (P)—A mass roundup of members of a street gang was launched today after a teen-aged boy was stabbed to death last night. Rival gang members formed a posse to aid police.

Eight youthful members of the "Egyptian Kings" gang were in custody in connection with the slaying of Michael Farmer, 15, polio-lame son of a city fireman. He was fatally stabbed in the back and a companion was injured.

Later, it was decided to charge three of the boys with homicide and the others with felonious assault.

Scores of youths were searched or questioned as 25 policemen fanned through the upper tip of Manhattan where street gang trouble has been brewing for weeks.

They were aided by 15 members of a rival street gang, the "Jesters." They pointed out members of the Egyptians to officers.

Farmer and the other stabbing victim, Roger McShane, 16, were said to be members of the Jesters. McShane is in serious condition.

**U.S. Aids Soviet In Using Isotopes Against Cancer**

WASHINGTON, July 31 (P)—The Atomic Energy Commission disclosed today it has given Russia a helping hand in using atomic energy for cancer research.

And here at home it said, tiny atomic batteries have been developed that may eventually lead to atomic power plants for equipment in space ships.

Making its 22nd semi-annual report to Congress, the commission revealed it has permitted an American firm to ship radioactive isotopes to Russia. It reported that a small amount of carbon 14 was released for use by a Moscow laboratory.

### AFL-CIO Ousts Crony Of Hoffa From Union Job

WASHINGTON, July 31 (P)—The AFL-CIO today ousted a crony of Midwest Teamsters boss James R. Hoffa. It also ploughed ahead with corruption charges against the Teamsters, Bakers and Textile Workers unions.

George Meany, AFL-CIO president, personally ordered the permanent removal of Paul Dorfman as secretary-treasurer of a Chicago Waste Handlers Union Local. The charge is that Dorfman is sharing with his wife in a \$100,000 annual union welfare fund profits.

An AFL-CIO report said a large part of the huge fees Dorfman was said to be getting come from welfare funds in Midwest Teamsters organizations dominated by Hoffa.

Hoffa was recently acquitted by a jury here on charges of bribing an attorney to spy on the Senate Rackets Investigating Committee. Dorfman was at the trial almost every day.

The Teamsters with some 1 1/2 million members, the Bakery Workers with 140,000 and the Textile Workers with 65,000, all are under AFL-CIO charges of being corruptly dominated, charges that could lead to their ultimate ouster from the AFL-CIO.

Charges in the cases of all three unions are based on disclosures before the Senate Rackets Committee headed by Sen. McClellan (D-Ark) involving alleged misuse of union funds and powers.

The AFL-CIO's Ethical Practices Committee, with Meany sitting in, today decided to grant a third delay in a hearing at which the Teamsters are to have an opportunity to answer their charges.

A new date of Aug. 28 was set for the Teamsters, but Chairman Al Hayes said the Ethical Practices group intends to wind up then its investigation of the trucking union—with or without the Teamsters' reply or evidence of a clean-up.

**U.S. Aids Soviet In Using Isotopes Against Cancer**

WASHINGTON, July 31 (P)—The Atomic Energy Commission disclosed today it has given Russia a helping hand in using atomic energy for cancer research.

And here at home it said, tiny atomic batteries have been developed that may eventually lead to atomic power plants for equipment in space ships.

Making its 22nd semi-annual report to Congress, the commission revealed it has permitted an American firm to ship radioactive isotopes to Russia. It reported that a small amount of carbon 14 was released for use by a Moscow laboratory.

Also outlined was development of a dime-sized atomic battery that the commission said may eventually make possible larger models to power "equipment in guided missiles and space craft." It said the battery is still experimental but can now power a wrist watch for five years.

The battery is virtually unaffected by extremes of temperature and humidity, the AEC said. It did not say who developed the battery.

### Power Grab Story Aired By Probers

Teamster Leader Allegedly Brought "Dio" Into Union

WASHINGTON, July 31 (P)—The Senate Rackets probers accused Teamster leader James R. Hoffa today of an unholy alliance with racketeers in a scheme to win control of the whole Eastern seaboard.

Chairman McClellan (D-Ark), opening a series of hearings that may last for weeks, said the first big step in the alleged conspiracy was for Hoffa, with the aid of hoodlums, to gain "a stranglehold over the Port of New York."

"One of the interesting facets we expect to show," McClellan said, "is that at times the hoodlums used Communists or former Communists because they were excellent trained organizers and knew all the tricks to get membership."

"The economic factors are tremendous," the chairman declared. "Such power placed in the hands of persons affiliated with racketeers is a danger to the welfare of the nation."

Sen. Mundt (R-SD), a member of McClellan's Senate Rackets Investigations committee, agreed.

Mundt called it a situation "fraught with peril for the American people."

**Hoffa Likely Successor To Beck**

He said the committee has evidence to expose "a form of tyranny unfolding which in the long run offers to Communist conspirators an opportunity to paralyze our defense establishment and our offensive striking powers."

Hoffa is now Midwest vice president of the Teamsters Union and a likely successor to President Dave Beck. Hoffa was acquitted by a federal court jury here July 19 of conspiring and bribing to put a spy on the staff of McClellan's committee.

There was no immediate comment from Hoffa on the new charges thrown his way today.

Robert F. Kennedy, committee counsel, said evidence will show that it was Hoffa who brought racketeers John (Johnny Dio) Dioguardi and Tonio (Tony Ducks) Carallo into the Teamsters Union.

Kennedy and McClellan both said the evidence will show that the alleged infiltration by gangsters led to extortion, bribery and exploitation of union members.

For example, Kennedy said, some hoodlum-led locals negotiated contracts that guaranteed wages at 75 cents an hour, when the legal minimum was \$1. Also, he promised evidence of the pocketing of union members' dues and the exploitation of employers.

**Control Local Councils**

"With the help of the hoodlums who are loyal only to their labor bosses and not to the working man," McClellan said, "these labor bosses are enabled to get control of local councils and federations with the help of racketeer locals and thus control a large geographical area."

"For example, we expect there will be evidence that Mr. James Hoffa, through the help of racketeers, supported John O'Rourke who sought and did obtain control over the Joint Council No. 16 (Teamsters Union) of the New York area, the biggest and richest labor area in the country."

McClellan went on to say there will be evidence that Hoffa "was going to tie up with the International Longshoremen's Assn. of New York, a union which was kicked out of the AFL because of its control by racketeers." He continued:

"Thus with control of Joint Council No. 16 and the I.L.A., Hoffa would have a stranglehold over the port of New York. The next step would be the entire Eastern seaboard and the St. Lawrence Seaway."

**Gas Bill Cleared For House Action**

WASHINGTON, July 31 (P)—The hotly-contested natural gas bill today was cleared for House action by the House Rules Committee. Whether it will be called up for debate next week depends on results of a poll being taken by supporters.

Backers of the measure do not plan to bring it before the House in the remaining days of this session unless they are reasonably sure it can be passed.

## Another School Aid Bill Planned By Ike

President Denies He Is Millionaire

WASHINGTON, July 31 (AP)—President Eisenhower, defending himself against criticism of lack of leadership, said he will have another school bill ready for the next congressional session.

Eisenhower told a news conference that, "You don't influence Congress, in my opinion, by threats." He said he thinks the way for a president to work with Congress is "in a quiet conversational way by the telephone and informal meetings."

The question of presidential leadership, influence and cooperation with Congress arose in discussions of the school bill killed in the House, the foreign aid bill which is in trouble there, and the civil rights battle in the Senate. Eisenhower took a deep breath and said:

"I am trying to get through a program that I have constantly put before the Congress and I believe to be for the good of the United States, and I will talk to any congressman that is on the hill about these things if he has got an honest difference of conviction with me; I try to do it, and I try to win their votes over, but I don't get up and make statements every twenty minutes. I don't think that is good business."

It was a news conference sprinkled with hilarity, presidential anger, and a disclaimer that Eisenhower is a millionaire. The President also advised reporters that it is easier to quit smoking than one thinks — "if a person turns their mind to something else and quits pitying themselves about it."

That word came from a man who once was a heavy smoker and found it easier to stop than "to be more moderate about it."

Asked about a series of newspaper articles in which his fortune was estimated at a million dollars, the chief executive got a room-rocking response of laughter with a remark that, "If that man who knows so much about my business will offer me a million dollars to sell out, he is going to make a sale in a hurry."

When he first took office, he said, he put everything he owned, except a little cash, in an irrevocable trust. While he is president, he said, "I do not even know what I own, so that no judgment of mine can ever be influenced by any fancied advantage I could get out of my relatively modest holdings in anything."

### George Still Critical

VIENNA, Ga., July 31 (AP)—The condition of Walter F. George, diplomat and former senator, remained very grave today but his family doctor said it might be several more days before there is any further change.

## Civic Center Site Selected

BALTIMORE, July 31 (AP)—Mayor Thomas D'Alesandro announced tonight plans to build Baltimore's six-million dollar civic center next to Druid Hill Park Lake, in the northwest section.

The announcement came after months of debate and bickering over seven proposed sites for a structure to serve as an indoor sports arena, convention hall and civic center.

Voters approved six million dollars for the center nine months ago.

Since then, civic and business leaders urged city officials to select two sites in Druid Hill Park, and sites at or near Clifton Park, Carlin's amusement park, the inner harbor, the historic Shot Tower and the Baltimore & Ohio Railroad's Mt. Royal Station. Three official studies were made.

D'Alesandro indicated a major block to the Druid Hill Park Lake site was removed when officials discovered "a few days ago" that the land "is 75 per cent under the control of the Bureau of Water Supply," instead of under Park Board jurisdiction.

The park board had protested previous plans to use park land for the civic center.

## Kohler To Seek Third Victory Over Proxmire

MILWAUKEE, July 31 (AP)—Republican Walter J. Kohler Jr., an all-out backer of President Eisenhower, and William E. Proxmire, the state's best known Democrat, will fight it out for the U. S. Senate seat vacated by the death of Sen. Joseph R. McCarthy (R-Wis.).

The two will meet in a special election Aug. 27 for the balance of McCarthy's term, which expires in January 1959.

It will be the third fight between Kohler, 53, who served three terms as governor, and Proxmire, 41, who came to Wisconsin less than a decade ago from Illinois. In the two previous meetings Kohler defeated Proxmire for the governorship.

Kohler won the Republican Party nomination yesterday by topping a seven-man field. He nosed out former Rep. Glenn R. Davis, a critic of the administration's policy, by taking Milwaukee County by a substantial margin. Proxmire handily defeated his Democratic opponent, Rep. Clement J. Zablocki of Milwaukee.

Kohler's margin over Davis was about 9,000, while Proxmire beat Zablocki by about 30,000.

Kohler's victory left his party somewhat split but state GOP Chairman Philip G. Kuehn expressed confidence that this would not be the case at the time of the election.

Only one of Kohler's defeated opponents in the Republican column, Lt. Gov. Warren P. Knowles, promised to support him in the election. Others either could not be reached or declined to comment.

One loser, Rep. Alvin E. O'Koniski, declared last night that he was "seriously considering starting a suit to void the Milwaukee County ballots" because of a printing error in which party designations were put on the outside of ballots where they would be in full view of election clerks when votes were cast.

## Chief Executive Dips Into Poetry To Stress Point

WASHINGTON, July 31 (AP)—President Eisenhower dipped into poetry today when he said he didn't want a school aid bill that would fasten an albatross around the neck of the federal government.

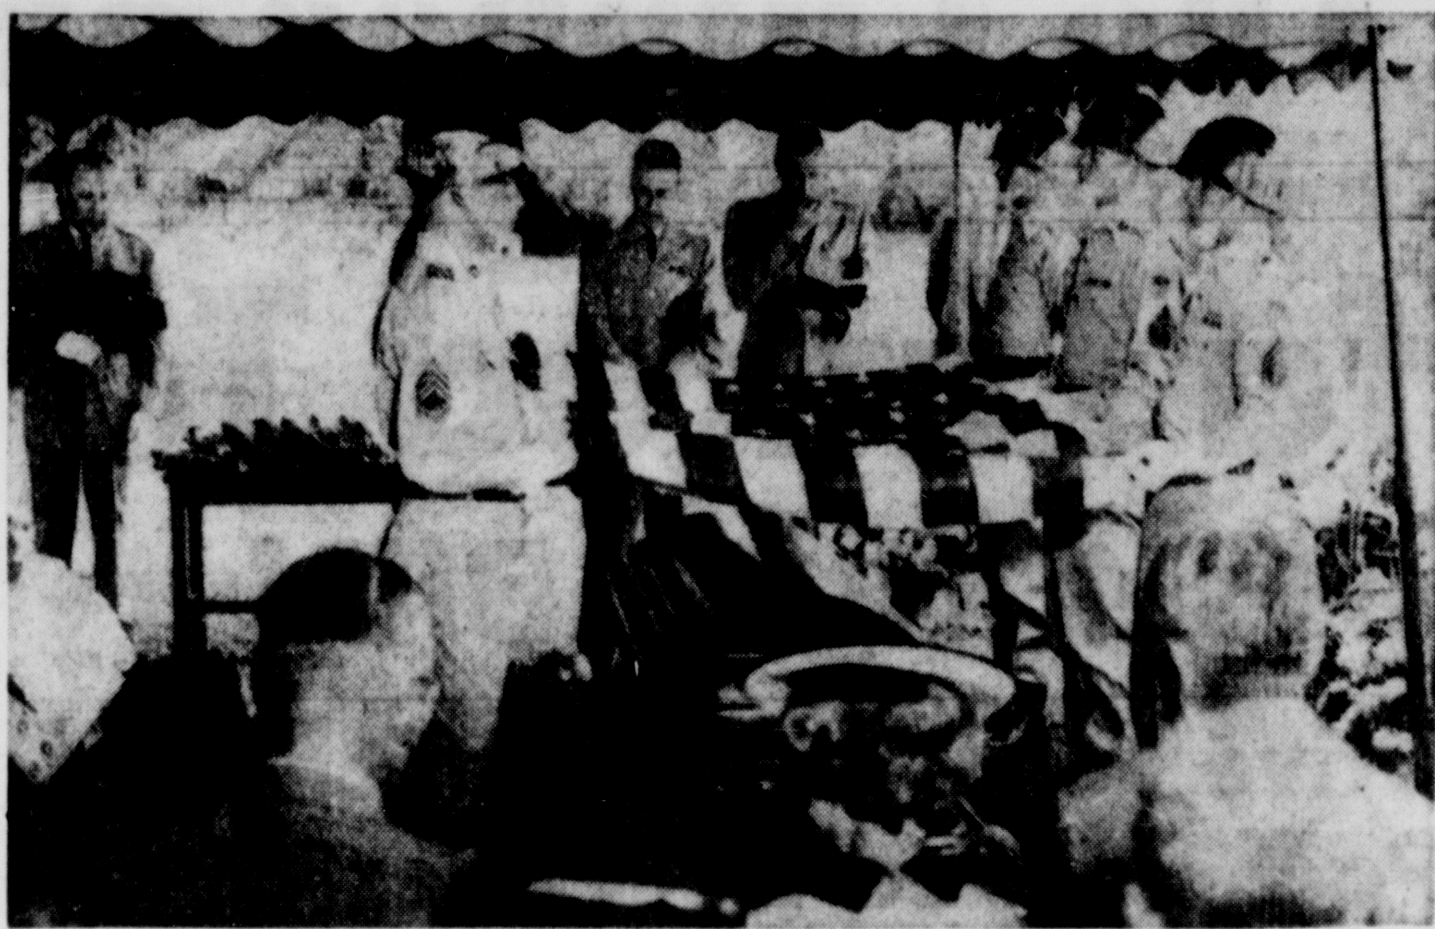

The albatross is a great, web-footed seabird made famous in a narrative poem, "The Rime of the Ancient Mariner" by Samuel Taylor Coleridge.

It relates the tale of a mariner, who shot and killed a friendly albatross that had followed the ship and had been looked on as a good omen by the crew.

After the sea bird's death, the ship was becalmed in a tropic sea. The crew, believing it was revenge for the death of the albatross, hung the huge bird around the ancient mariner's neck as a sign of his guilt.

## Temporary 'Miss U.S.' Apologizes

LONG BEACH, Calif., July 31 (AP)—The temporary Miss United States who was ousted from the Miss Universe contest when her married status was discovered has written a letter of apology to the contest officials.

"I would very much like to say that I am truly sorry for the trouble and the inconvenience I caused you and the pageant officials," wrote Mrs. Leona Gage Ennis to Oscar Meinhardt, producer of the pageant. "The way things happened I was carried along by a series of circumstances which I had no control over."

"I hope that you can find in your heart forgiveness and can realize that the way things were and from my own inexperience I had no idea of the amount of trouble that the misunderstandings would cause. Again I wish to express my sincere regret and wish you and the pageant the continued great success it deserves in the future."

Meinhardt, who made the letter public today, said: "I think it's a very gracious gesture on her part."

Mrs. Ennis, who entered the contest as Miss Maryland, received several nightclub and TV job offerings after the flood of news that attended her ousting from the competition. She arrived in Southern California yesterday to rehearse for a TV play Friday.

She was succeeded as Miss United States by Miss Utah, Charlotte Sheffield of Salt Lake City.

### The Last Straw

MUSKOGON, Mich., July 31 (AP)—Charles Moore knew his used lumber pile slowly was disappearing and that gasoline was being siphoned from his car. But he didn't get around to reporting the thefts to police until two steaks he and his wife planned to have for dinner disappeared last night from his refrigerator.

## Churchill Pays Tribute To U.S. Supreme Court

LONDON, July 31 (AP)—Sir Winston Churchill tonight paid tribute to the U.S. Supreme Court and called for changes in the United Nations possibly limiting the powers of small nations.

Speaking to 3,000 U.S. lawyers here for the American Bar Assn. convention, the 82-year-old statesman said the Supreme Court is the guardian and upholder of American liberty.

"Long may it continue to thrive!" he told the banquet in Guildhall. Three Supreme Court justices were in his audience.

Churchill told the lawyers their visit to England is remarkable and "illuminates a great truth." He added: "In the main, law and equity stand in the forefront of the moral forces which our two countries have in common, and rank with our common language in that store of bonds of unity on which I firmly believe our life and destiny depend."

"You are 160 millions and we, with our dominions gathered round us, are 70 or 80 millions, and if we work together there is no doubt that we shall represent a factor in the development of the whole world which no one will have cause to regret."

"Last week you visited Runnymede (where Magna Carta was signed). There was the foundation on which you have placed a monument."

"It has often been pointed out the 5th and 14th amendments of the American Constitution are an echo of the Magna Carta."

"No person shall under the 5th Amendment be deprived of life, liberty or property without due process of law."

### Woman Editor Dies

HOLYOKE, Mass., July 31 (AP)—Mrs. William G. Dwight, 84, editor and publisher of the Holyoke Daily Transcript-Telegram and an active newspaperwoman for 66 years, died today of coronary thrombosis.

She was considered the oldest active editor and publisher of a daily newspaper in the United States.

## Truck Smashes Car, Killing Six

VINELAND, N.J., July 31 (AP)—A retired farmer and five members of his family—including a 2½-year-old grandchild—were killed today as a tractor-trailer truck plowed into their automobile.

The impact of the crash demolished the car from the rear to the dashboard and shoved the six bodies into one bunch. The car was pushed for 100 feet.

By the time rescue workers extricated the bodies all the adults were dead. The child died before reaching a hospital.

State police said the car either stopped or slowed down to make a left turn off Rt. 47 toward the Malaga Methodist camp meeting grounds where the family owned a cottage.

Relatives identified the victims as:

Roy Pancoast, 72; his wife, Grace, 70; their daughter, Mrs. Melissa B. Scharff, 39, and her husband, Philip Scharff, 68; Mrs. John T. Hearon, 42, another daughter of the Pancoasts, and her son, David, 2½, all Vineland. The driver-owner of the truck, David L. Sickler, 31, of Woodstown, escaped uninjured.

# German War Documents Recall Days Of Blitzkrieg When Hitler Hoped To Keep America Out Of War

By WARREN ROGERS JR.  
WASHINGTON, July 31 (AP)—Captured top-secret German war documents made public today by the State Department report an American oilman made a \$250,000 payment to the Democrats in 1940 in a vain attempt to block President Franklin D. Roosevelt's re-nomination.

The documents contend \$160,000 of the money was for "buying" Pennsylvania's national convention vote.

The 415 Nazi messages and reports recall vividly the days of the blitzkrieg when a prime aim of Hitler's foreign policy was to keep America out of the European war.

The documents dealing with such efforts are sprinkled with the names of such well-known Americans as Charles A. Lindbergh, Henry Ford, Wendell Wilkie, radio commentator Fulton Lewis Jr. and author-journalist John T. Flynn.

Hans Thomsen, then in charge of Nazi Germany's embassy in

Washington, cabled Berlin regularly on the progress of his propaganda campaign to encourage American isolationist sentiment for neutrality. He spoke of "special methods" and often cautioned that German efforts to influence the 1940 presidential election "must be carefully camouflaged in order to conceal the German end."

Thomsen appealed often to Berlin for more money and then—in a top-secret cable dated July 5, 1940—he made a request, which apparently was granted: Could he destroy all his financial records about his "special method" propaganda efforts?

Thus there seemingly exists no available checks on whether his claims of successes were valid or simply a loose justification for an expense account.

The German documents were taken from the German Foreign Ministry and Reich Chancellery archives by the Allies when Berlin fell at the end of the European war. In cooperation with the Brit-

ish and French, the State Department's Historical Division is making them public, volume by volume, covering January 1933 through December 1941—Hitler's years up to the U.S. entry into World War II.

The volume out tonight encompasses the period June 23 to Aug. 31, 1940. The documents report, among other things:

1. That the late W. R. Davis, who at the time was dealing in various oil matters for the Mexican government, "paid \$250,000 to the national and Pennsylvania state Democratic organizations." It was reported that Davis "in February 1940, acting through Walter A. Jones, paid about \$160,000 to the representative of the Pennsylvania Democratic organization for the purpose of (1) promoting the candidature of (words garbled) in opposition to the anti-German Sen. Guffey; (2) buying the approximately 40 Pennsylvania delegates to vote against Roosevelt at the party convention in Chicago, to be held July 17."

2. That "Lindbergh's attitude is recorded as having made a similar suggestion."

3. That a group of "prominent businessmen and politicians" headed by "James Mooney of General Motors" favored urging Roosevelt to send an ambassador to Berlin (the post had been vacant in protest against Hitler's policies), assign a new ambassador to London, and suspend arms shipments to Britain pending fresh talks with the German government. Mooney was not otherwise identified, nor were any other names mentioned as belonging to such a group.

4. That the late Henry Ford "personally proposed to Thomsen that before Hitler attacked England he should publicly define his viewpoint and aims so as 'to have a widespread effect on American public opinion.' Mooney also was

recorded as having made a similar suggestion."

5. That two points in the 1940 Republican party platform—expressing opposition to involvement in war and saying the GOP stood for Americanism, preparedness and peace—"were taken almost 'batim' from ads in the New York Times of June 25 and other papers "which were published upon our instigation."

Kingdom of Scotland was founded in the early years of the 11th century.

### Mrs. Miller Hosts WCC Committee

Mrs. Joseph M. Miller, chairman of the American Home group of the Woman's Civic Club, entertained her hostess committee at her home, 420 Fayette Street, recently at a luncheon.

The table was attractively decorated with a silver service and multi-colored summer flowers.

Following the luncheon, a meeting was held for the purpose of planning the program for the coming year. The programs are planned with a "home" theme and speakers are presented throughout the year giving the newest in ideas for the home. The group meets jointly with the Literature group and Art group each year and presents a program of general interest.

Attending were Mrs. Ralph Isminger, co-chairman, Mrs. Winfield I. Burton, Mrs. Harry Grimes, Mrs. Ernest A. Lindsay, Mrs. Ansel H. Matthews, Mrs. G. Louis Spoerl, Mrs. Lewis C. Howard, Mrs. F. Radcliffe and Mrs. Luther Hutter Sr.

**FALL FUR HAT FASHIONS** — This is the year of the fur hat, handbag, belt, muff and collar. Fur trimmings and accessories are the big news in the fall fashion roundup, and so widespread is their use that fur coat manufacturers are complaining of a shortage of pelts. Left is a high-style beret of natural raccoon with nary a hint of Davy Crockett, and, right, a brimmed broadtail cloche.

Opening lead: Jack of clubs.

In tournament bridge the most experienced players will sometimes place their contracts in jeopardy in order to try for the overtrick that can spell the difference between a good and a bad result on the hand. However, this practice has been overdone, and today's hand features the example of a declarer who secured a top score by exercising great care to safeguard his game contract.

The bidding was textbook material. West opened the jack of clubs, which East won with the ace and returned the queen. West overtook with the king and continued with a third round of the suit. In an effort to win the trick, most declarers ruffed with the nine of dummies, hoping to find the jack of trumps with West.

This was a forlorn hope. From the manner in which West conducted himself, it was reasonable to assume that East had only two clubs and might well be able to overruff dummy's East, of course, covered dummy's nine with the jack, completing the defensive book. He exited innocuously with

### M. Bing Elliot To Direct Baptist Choir

The choir of First Baptist Church held a picnic supper a recent evening at Constitution Park. During the evening a practice session was held and it was announced that M. Bing Elliot has been secured as choir director. Mr. Elliot will teach music at Mt. Savage High School when school opens in the fall.

Attending were Rev. and Mrs. A. C. Prevatt, Mr. and Mrs. L. H. Carpenter, Mr. and Mrs. Robert Moreland, Mr. and Mrs. Dale Weston, Mr. and Mrs. John Reckley, Mr. and Mrs. Maurice Oberholzer, Mr. and Mrs. R. B. ### Secrets Of Charm by John Robert Powers

#### Health At Your Fingertips

Beautiful hands are an important part of glamor; the smallest flaw in grooming can disqualify them.

Career women's hands are eternally on display. Although women are growing younger every day, their hands can be a dead giveaway of age and poor grooming. And how they look to others makes a lot of difference in the attitude we have about ourselves.

#### Nourish Your Nails

Hands can be helped to youthfulness and prettiness with daily care. Beautiful nails must be nourished from within by the proper diet. Nails that break or crack can change when diet is improved. Too many diets today lack the protein and calcium necessary to help build strong nails. Since nails are made of protein, this nutrient must certainly be adequate to maintain their health. You can learn to eat properly as suggested in our special laboratory tested menus worked out in "Your Beauty Diet." In a few short weeks you will see wonderful results. Write to "Secrets of Charm" in care of this newspaper and enclose 10 cents in coin, plus stamped, self-addressed envelope.

### Williams Family Has Reunion

The second annual reunion of the late Benjamin Williams family of Zihlman was held Sunday at the Frostburg Swimming Pool.

Mrs. Ida Hayman, Frostburg, last surviving member of the original family, was presented an award. Games and prizes featured the entertainment for the children.

Roy Bowman was elected president. Mrs. Joseph Kuhlman, vice president, Mrs. Helen Evans, secretary and Joseph Kuhlman, treasurer.

It was decided to hold the 1958 reunion at the same place on the last Sunday in July.

There were 34 families represented and out of town guests came from Augusta, Georgia; Liberty, Pa.; Vienna, Va.; Silver Spring, Washington and Pittsburgh.

Declarer still retained the hope of fulfilling contract by bringing in the diamond suit in its entirety, but when it developed that East held the queen well guarded. South had to submit to a one trick set.

South pleaded hard luck. To bring about defeat of the contract, he contended, East had to have both the jack of spades and the queen of diamonds. If West had held either card, the contract would have been safe.

At only one table, declarer brought in the contract with rocking chair ease. When the third round of clubs was led, he did not put up the nine of trumps to be smothered. Instead he discarded one of dummy's diamonds. West promptly attacked that suit, but South won the trick, drew trumps, and threw dummy's other small diamond on his king of hearts.

# Release Of Report Aimed At Cut In Bay Span Tolls Delayed

SRC Wants Chance To Study Analysis

BALTIMORE, July 31 (AP)—The State Roads Commission decided today to hold up release of a special report aimed at lowering tolls on the Chesapeake Bay Bridge until the commission has a chance to study the report.

Chairman Robert O. Bonnell said the commission has received only a rough draft of the report made by Coverdale and Colpitts, traffic analysts who made a special traffic study at the SRC's request.

The 24 million dollar cost of the Baltimore Harbor Tunnel, to be opened in December, is tied in with the cost of unredeemed bonds on the bay bridge and the Pottomac and Susquehanna River

## Dr. Long To Retire From U. Of Md. Staff

COLLEGE PARK, Md., July 31 (AP)—Dr. Edgar F. Long is retiring from the University of Maryland staff after 28 years as professor, dean of admissions and dean of students.

A native of Bridgewater, Va., Long holds degrees from Blue Ridge College, the University of Kansas and Johns Hopkins University.

He came to the University of Maryland in 1929 as a part-time professor in the College of Education and a year later was given a full-time professorship with additional duties as advisor to students.

He was appointed dean of students in 1952 and has served in that capacity ever since.

Before joining the university staff, Long was principal of a three-room school in Washington County.

## West Va. Prepared For Flu Epidemic

CHARLESTON, W. Va., July 31 (AP)—Dr. N. H. Dyer, State Health Director, said today that West Virginia is prepared to meet any epidemic of Asiatic flu.

The flu, a new type of influenza, has turned up in several cases in California and a full epidemic has been rumored.

Dr. Dyer said that the Mountain State has a plan in operation to combat any epidemic. The plan is a part of the Civilian Defense emergency set-up. He said that a vaccine is being developed nationally to combat the flu and that West Virginia should have an ample supply on hand by the fall.

# Boys In Stolen Auto Captured After Wild Ride

BALTIMORE, July 31 (AP)—Pedestrians leaped for their lives today when two youths in a speeding car took to the sidewalk in an effort to escape capture.

The car careened among about 100 produce market workers, narrowly missing about 15, before it slammed into a pile of crated blueberries.

Police hustled the two youths into a patrol car as an infuriated crowd gathered.

Police said the new convertible owned by Mrs. Helen Greene of Silver Spring was stolen in Baltimore last night.

One youth, 16, was trapped in the car by toppled blueberry crates. The other, 17, got out and ran but dropped to the sidewalk when a policeman threatened to shoot.

Police said they had attempted to stop the car to question the occupants and it took off along Pratt street at 70 m.p.h.

Traffic on Hanover and Pratt streets screamed to a halt as the car ignored signal lights and roared through the Pratt street intersection.

At Pratt and Light streets, four trucks blocked the path of the car, which then veered onto the sidewalk, forcing pedestrians to leap into vestibules and into the street.

The car shaved the corner of a building, knocked down a post and tore out some brickwork before crashing into the berry crates, hurling some as far as 100 feet.

No charges were immediately filed.

## Youth Survives Slash In Heart

ALMA, Mich., July 31 (AP)—A 12-year-old sleep walker was reported in satisfactory condition today after he plunged through a second story window and a sliver of glass pierced his heart.

Doctors at the Gratiot County Communist Hospital took five stitches this week to close a 1½ inch gash in the heart of Dale Meier.

His mother, Mrs. William Taylor of Rural Mt. Pleasant, said Dale evidently was dreaming of a swimming expedition he had taken the day before when he dived through the window of his bedroom at 4 a.m.

The boy suffered only minor bruises in the fall but glass from the broken window pierced his chest.

## Aluminum Strike Ends

BALTIMORE, July 31 (AP)—A five-day wildcat strike which idled some 800 workers at the Kaiser Aluminum Corp. plant in nearby Halethorpe has ended.

The walkout began last Friday over the suspension of six workers. The company refused to discuss grievances until the workers returned to their jobs.

## Farmer Finally Convinces Congress

WASHINGTON, July 31 (AP)—After two years and five tries, Peter V. Bosch has convinced Congress he should be paid for his Holstein cow killed in a government test.

Now if President Eisenhower goes along, the Rugby, N. D. farmer will get \$175, which is \$75 less than the amount of his original claim.

The House sent to the President yesterday a Senate-passed bill to pay Bosch the \$175 for his cow which was injured fatally while receiving a standard government disease test May 6, 1955.

Twice before the Senate had passed the bill and twice prior to yesterday it had reached the House calendar only to be sidetracked by a single objection. Nobody objected today.

Congressional clerks estimated the cost of printing the various bills and accompanying reports, along with scheduling them on the printed calendars, exceeded the cost of the cow.

## Negro Is Acquitted In Highway Death

FREDERICK, July 31 (AP)—Harry Junior Anderson, 22-year-old Negro of New Market, Md., was found innocent of manslaughter today in the highway death July 14 of another New Market Negro, James R. Peach, 34.

Anderson also was found innocent of reckless driving.

A report by Dr. B. O. Thomas, Frederick County medical examiner, said a blood test indicated crossed Maryland 144 to aid another motorist with a flat tire.

## Tot Falls Two Floors, Suffers Slight Bump

BALTIMORE, July 31 (AP)—Two-year-old Stephen Fink plunged two stories to the pavement today and was rushed to Lutheran Hospital.

Diagnosis: Nothing more than a slight bump on his head.

He was released after treatment.

# No Cloud-Seeding Test

ANNAPOLIS, July 31 (AP)—The Board of Public Works today rejected a proposal that the State underwrite a cloud-seeding experiment as a possible means of ending a prolonged drought in Maryland.

It said there had been a lack of advocacy for the project by agricultural and weather officials, farmers and the public in general.

"In view of all the considerations at hand, it is now the decision of the Board of Public Works that all proposals for the spending of public funds . . . for the artificial inducement of rain in Maryland be rejected," the board said in a statement.

"We maintain the hope that a usually bounteous nature and the known resourcefulness of Maryland farmers will compensate in the future for the distress of the present period. . ."

The board—made up of the governor, comptroller and State treasurer—said it would continue advocating preparation against future prolonged periods of dryness "through state legislation and local action to provide for the storage of surface waters in the seasons of rain."

## Luke Scout Is Attending International Jamboree

PAUL E. BOWMAN JR.

### Former Resident Gets New Post

Oscar H. Lashley Jr., a former resident of Cumberland, has been promoted to commercial lighting supervisor working out of the Potomac Edison Company's general offices in Hagerstown.

In his new duties Lashley will be responsible for the development and execution of sales and training activities in the fields of commercial, industrial and street lighting.

Lashley, who formerly resided at 323 Holland Street, joined the utility company in 1949 and was assigned to the post of commercial representative for this area. He held that position until April of this year when he moved to the general office in Hagerstown as assistant commercial lighting supervisor.

He resides with his wife and daughter at 1109 Potomac Avenue, Hagerstown.

Elizabeth H. Brown about this question

"Our home is frequently vacant on weekends and during vacations. I always worry about fire or theft while we are gone. Can you bring our fire insurance up to full replacement value, and add theft coverage to our fire policy?"

Landing yesterday on the shores of England was Paul E. Bowman Jr., Luke, the sole representative of Potomac Council, Boy Scouts of America, to the International Boy Scout Jamboree near Birmingham, England.

He and 1,460 other scouts from United States were aboard the M.V. Fair Sea which left Quebec last Tuesday, and docked yesterday in Plymouth, England.

Bowman, a Star Scout and son of Mr. and Mrs. Paul Bowman, Luke, left here on July 11 for the National BSA jamboree which he attended with the International Jamboree Troop.

The 1,460 Boys in the international outfit were taken in three special trains to Quebec but the trip was delayed for over nine hours by a derailment just four miles out of the port of embarkation. This caused a late sailing.

Mrs. Bowman, who with her husband saw their son off at the port, said the ship's officials had a big dinner for the Scouts, who had missed two meals while being held up on the railroad. The ship also had a luncheon for the parents who were there to see their sons off.

While on the Italian liner, Bowman and his troop from Region 3, BSA, were designated rooms, lounges and recreation areas to prepare themselves for Jamboree activities.

During the voyage, there were instructions on scoutcraft, briefings on Jamboree organization and program, and rehearsals for "The American Show," which the American boys will stage.

The ocean voyage also gave the boys time to have briefings on American citizenship, as they will face questions along these lines once with the Scouts from all parts of the world.

The American Scouts, upon landing, will be taken to Camp Mohawk the summer camp of the U.S. Air Force near London where they will stay four days.

From there they will go to Sutton Coldfield, eight miles north of Birmingham, the second largest city in Great Britain.

Paul's troop, has been assigned to Section 34 of Region 3, which is in the Godollo section, a subcamp. There are 40 troops of 32 Scouts and leaders each in the American contingent.

After the international jamboree is over on Tuesday, August 13, the BSA contingent will depart for two weeks of touring.

Bowman's group will tour other parts of England, Belgium, Netherlands, Switzerland, Germany and France.

He will embark from LeHavre, France, Monday, August 26, on the Fair Sea for New York. He is scheduled to arrive on Wednesday, September 4, just in time to go back to school.

### Persuasive Speaker

BHOPAL, India, July 31 (AP)—A report to the Madhya Pradesh Assembly says more than 400,000 acres have been distributed to landless farmers in Central India in the last year through the movement led by Vinobha Bhave, a disciple of the late Gandhi. Bhave travels about by foot and talks landlords into surrendering land without payment. It goes mostly to Harijans (untouchables) and Adivasis (tribespeople).

On The Line

by Bob Considine

NEW YORK, July 31 (INS) — The country can be grateful to a young New York public relations man named John David Griffin for forcing light to be shed on what the American serviceman overseas faces when in trouble with native authorities.

Griffin took the one-paragraph account of the impending transfer of an American soldier from U.S. to Japanese jurisdiction and exploded it with such force that it became one of the major issues of the day. Drew Pearson suggested that Griffin should be investigated by Congress, as if he had no right — and duty — to bring the Bill Girard case to the public's attention.

The only investigations to date have been second and searching looks at our involved status of forces agreements, reexamination of the lot of the enlisted man, and a new comprehension by many of our foreign policy, a fresh understanding of Japanese law and the frailty of life there.

To wit:

American military personnel driving cars in Japan under the wing of the Far East Air Forces are given this directive, dated October 31, 1956:

"The Japanese government has on numerous occasions brought criminal indictments against United States personnel, military and civilian, for injuries or death to Japanese nationals arising out of motor vehicle accidents. These indictments allege violation of Article 211 of the Penal Code of Japan which provides in part as follows:

"A person, who fails to use such care as is required in the performance of profession, occupation or routines and thereby kills or injures another, shall be punished with imprisonment for not more than one thousand yen.

"This means that very high standards of skill and care in driving an automobile are required. It means that one may be convicted in criminal court and imprisoned in Japanese confinement facilities, for his part in an automobile accident, under circumstances such that in the United States he would not be considered negligent, or at fault, and would not be found criminally liable.

"The purpose of this letter is to help you avoid joining the ranks of United States military and civilian personnel now in Japanese jails. Recently an Air Force officer was sentenced to a Japanese prison for causing the death of a Japanese national through negligent operation of his automobile.

"The judge, in rendering judgment, commented that in determining sentence he had taken into consideration the fact that the officer had failed to observe the custom of visiting the family of the deceased and expressing his sympathy."

The directive points out that such calls do not constitute admission of guilt, and frequently result in acquittals. It continues:

"Where the individual causing injury is driving his private vehicle he should if possible contact the local representative of his insurance company before visiting the injured person or his family.

"When, however, the accident occurs on a Saturday, or when the insurance representative cannot be reached until the following Monday, there would generally be no objection to visiting the injured person or the deceased's family on a Sunday, taking fruit or flowers. Where money is later given, an appropriate amount might be between one and five thousand yen. It is noted that the insurance company normally will make no re-

Jury Finds Man Guilty Of Assault

Ray Hanson Raines, 51, of Romney, has been found guilty of attempted rape of a 14-year-old girl by a jury in Hampshire County Circuit Court.

The jury received the case Tuesday about 10 p.m. (Standard Time) and after deliberating about two and a half hours returned the guilty verdict.

Judge Harlan M. Calhoun deferred sentencing in the case until after he hears arguments on a motion for a new trial by Attorneys H. G. Shores and Howard Shores of Keyser on behalf of their client.

Meanwhile, Raines was remanded to the county jail at Romney, where he has been held since his arrest June 17 by Sheriff M. R. Hoyt and Sgt. Frank W. Bowley of the Romney detachment of the State Police. Raines was unable to raise \$10,000 bond after his arrest.

In West Virginia the penalty for attempted rape is one to five years imprisonment. Raines had been charged with statutory rape because the girl is under 16 years of age.

Raines was arrested after the mother of the girl had obtained a warrant for him on a charge that he had beaten the girl. The girl and her mother live in the Jersey Mountain area outside Romney.

Policeman Finds Local Couple's Vacation Money

Were it not for the sharp eyes of a City Police cruiser driver a Cumberland couple would have a dismal vacation facing them.

Robert L. Martin, Hillcrest Drive, RD 2, city, and his wife were returning from a drive-in theatre late Saturday night, and when he stopped for a traffic light on Baltimore Street at Centre Street, a car in the back hit his bumper.

Martin got out to survey the damage, and when it was inconsequential he drove home. But arriving there, he found his wallet, containing a substantial amount of money for his forthcoming vacation trip, was missing.

Returning to the scene of the bumper collision, he failed to find it. But within a half hour, Officer James Swann turned it in at Police Headquarters.

Officer Swann told Lt. John E. Sherry that he saw the wallet when he stopped for the Centre Street light near where the two cars bumped.

Building Permit Issued To Arthur L. Via

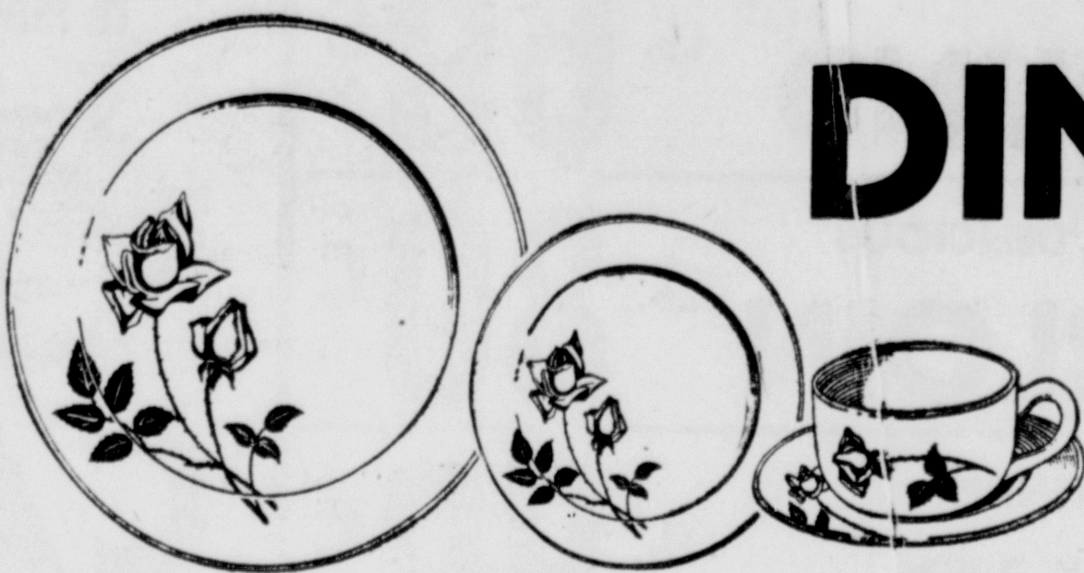

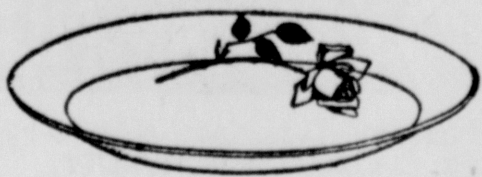

A permit to build a dwelling at Bowling Green has been granted to Arthur L. Via by the Allegany County Assessing Department.

The residence will be 30 by 38 feet and be constructed of concrete block, composition shingles and have a full cellar. Estimated cost will be \$8,500.

WILLIAM L. WILSON

### W. L. Wilson Elected Head Of Brewery

William L. Wilson, 525 Cumberland Street, is the new president of the Queen City Brewing Company, succeeding the late F. Brooke Whiting.

Wilson, a local attorney, was elected at a meeting of the board of directors Monday at the brewery.

George F. Hazelwood Sr. was elected executive vice president and C. Arthur Brotemarkle, financial vice president.

L. N. Duncan will continue as vice president and general manager, and Arch M. Hutcheson will be secretary-treasurer.

Elected a director to fill the unexpired term of Mr. Whiting on the board was W. Carl White, 19 North Allegany Street. White is a son of the first president and founder of the Queen City Brewing Company. He has been director of sales since March 1952.

A director since January 1952, he served as vice president before being elected president.

A graduate of Washington and Lee University and the son of Mrs. William L. Wilson Sr., 525 Washington Street, and the late Mr. Wilson, he has been in the practice of law since 1938 here with Edward J. Ryan.

Their association was interrupted for four years when Wilson served in the Navy during World War II. He is counsel to the Housing Authority of Cumberland and member of the new Allegany County Civil Service Board.

He is married to the former Elizabeth Gracie. They have one daughter, Amanda L. Wilson.

### Church Installs New Pastor Here

Installation services for Rev. Grant R. Walborn, new pastor of the Christian and Missionary Alliance Church, corner of Lee and Wallace streets, were held yesterday.

Rev. Mr. Walborn is a recent graduate of the Nyack Missionary College, Nyack, N. Y.

Two area girls have been accepted for enlistment in the United States Air Force, according to local Air Force Recruiters. The two young women, Miss Delores Ellen Kifer, RFD 1, Flintstone, and Miss Virginia Lee Glass, Little Orleans, have been assigned to Lackland Air Force Base, San Antonio, Texas for basic training.

Both are graduates of Flintstone High School where they were active in scholastic and social activities. Miss Kifer was a member of the school Glee Club, the 4-H Club, Girls Trail, Junior Extension, and the Armed Service Club. She was also a member of the Photography Club.

Miss Kifer participated in the County Farm Queen contest in 1955 and placed third in the State Fair at Timonium in a cake baking competition. She was also a delegate for Sweetheart Queen in 1957. Active in church work, she was assistant secretary of the Youth Group at Prosperity Christian Church.

Miss Glass was a member of the Flintstone Glee Club, the 4-H Club, Armed Service Club, Future Homemakers Club, Future Teachers Club, Dramatics Club and Photography Club. She also was a member of the Methodist Youth Fellowship of Piney Plains Methodist Church.

Miss Kifer is a daughter of Mr. and Mrs. Carl W. Kifer, Flintstone, and Miss Glass is a foster daughter of Mr. and Mrs. Conda Smith, Little Orleans.

### VFW Burial Unit Reports Activities

The burial detail of Fort Cumberland Post 13, American Legion, and Henry Hart Post 1411, VFW, has conducted services for 767 veterans since its institution in 1949.

Under the direction of Roy J. Kreger, chairman, the detail has been operating eight years. During the past five years the group has participated in 635 funerals and parades, covering some 3,000 miles.

At each funeral approximately 15 men donate two to three hours, or 45 hours per day.

Albert M. Kerns Jr. and John R. Jackie have served as buglers for funerals, Kreger said.

Members of the detail are Kreger, William L. Rank, Vernon A. Crable, George L. Zimerla, Raymond E. Wagner, Robert S. Byer, Truman C. Fuller, Joseph Macon, Verner J. Winer, Harold W. Davis, James M. ## Midland Health Center Reports On Activities

### Unit Reports All Expenses Are Paid

MIDLAND — All expenses to date for operation of the Midland Medical Center have been paid, according to reports submitted at a recent meeting of the Medical Center Committee.

David Williams, president, who presided at the regular session, said contributions received from the following organizations helped "clear the slate": Midland Fire Company and its Auxiliary; Tioga Tribe, Order of Red Men and Pocahontas; Women's Society of Christian Service of the Grace Methodist Church; Sodality of St. Joseph Catholic Church; Midland Parent Teacher Association; Myrtle Temple No. 2, Pythian Sisters; Midland Homemakers Club; and the American Legion Auxiliary.

Besides Mr. Williams, other officers are Thomas H. Taylor, vice president; John Devlin Jr., secretary and James Blair, treasurer; and James Bampton.

Nurses aides are Mrs. Ethel Elliott, Mrs. Gertrude Smith, Mrs. Helen Manley, and Mrs. Pearl Blair.

The committee expressed its appreciation to Dr. Frank T. Harat of Frostburg for his continued cooperation to Mrs. Mary Whitfield RN, of Lonaconing, Mrs. Margaret Hanson RN, of Frostburg, and Miss Margaret Poole of Cumberland for their assistance at the several clinics held at the center.

Mr. Williams observed that the center needs writing paper, blinds, curtains, paint, soap, wax, paper cups, paper towels, a mop, a broom, and several other miscellaneous items all of which will be accepted by any who care to make donations.

## 2nd Army Show To Be Staged At Frostburg

FROSTBURG — It was learned yesterday that "The Texans" who will be featured in the musical review "Mostly Magic" at Compton Hall Auditorium of State Teachers College on August 8 will leave here immediately after the performance to appear in the Ed Sullivan Show Sunday evening.

"Mostly Music" is the third production to be presented here this summer under the sponsorship of Frostburg Community Programs, Inc.

"The Texans" according to the program are: Pfc. Jerry Toadvine, Pfc. Scott Holtzman and SP3 Robert Brandon. They will present "Three Most Happy Fellows" with most talented feet, a specialty dancing act of professional calibre.

According to Edward Flanagan, president of the sponsoring group, this production will have a special appeal to the younger set, being composed of popular vocal, instrumental, comedy, variety and dance numbers.

Some of the numbers appearing on the program will be Banjo solos "The World Is Waiting for the Sunrise" and "Chinatown" by Pvt. Warren Kilmer; Rock n' Roll rhythms, "I Gotta Woman" and "Don't Be Cruel" by Pvt. Cory Wayne; "The Game" and "You Gotta Have Heart" from the Broadway hit "Damn Yankees" will be presented by an octette including Robert Brandon, Scott Holtzman, Jerry Toadvine, of the Texans and Pvt. Martin Grusin, Pfc. David Johnson, Pvt. Fred Appelstein, Pvt. Cory Wayne and Pvt. Michael Casella.

The review will open promptly at 8 p.m. and is presented through the cooperation of the headquarters of the Second United States Army special services, featuring Showmobile Unit No. 6.

## W.Va. Chamber Shows Business Gain In State

CHARLESTON, W. Va., July 31 —Wages paid in West Virginia the first six months of 1957 increased \$32,600,000, or 3.5 per cent, over the first half of last year, the State Chamber of Commerce reported today.

In its monthly Business Index, the chamber said:

"Although prosperity apparently prevailed on virtually all fronts, payments of benefits to the unemployed for the first six months of the current year are \$1,240,754, or 27.8 per cent higher than those made in the same months of 1956."

Seventeen of the 20 categories of commerce surveyed for the publication showed improvement in the first six months this year, as compared to the same period of 1956.

Among four natural resources listed, only coal scored a production gain, an increase of 1.6 per cent to 78,195,000 tons for the half year. Output of natural gas, crude oil and lumber lagged slightly behind 1956.

## Walnut Queen Named In Court At Elkins Fete

ELKINS, W. Va. — The 1955 West Virginia Black Walnut Festival Queen, Lois Sharon Conley, of Spencer has been named as a princess in the court of Queen Silvia XXI at the Mountain State Forest Festival in Elkins October 3, 4 and 5. The 18-year-old Spencer Miss is not a newcomer to coronation scenes. She was Valentine Queen of Walton High, was elected "Miss Tiger" by Walton High School varsity teams, and in August will be a princess at the L-K Bowl game at Parkersburg. She also was an attendant to two high school "homecoming queens."

Miss Conley was president of the Walton High School Band of which she was a majorette for four years. She was president of the Thespians, a member of student council, the yearbook staff and was salutatorian of her 1957 graduating class.

A daughter of Mr. and Mrs. Ross W. Conley of Spencer, she will enter West Virginia University next fall.

Miss Conley was appointed by State Senator Vernon McCoy.

## Militarism And The New Germany

German militarism was widely assumed to have been crushed forever in World War I, but it was again rampant in 1939. This time it was Hitler and his Nazis, instead of the Prussian junkers and the Wehrmacht general staff, that were the visible symptoms of Germany militarism, while it was the leading army officers that actually tried to overthrow Hitler.

Will German militarism menace the world again? Nothing could seem less probable. France, after losing one war against Germany and emerging badly battered from a second, had little stomach left for the third which started in 1939.

Now Germany has lost two great wars in succession and is still partitioned after suffering devastating air bombardment. Pacifism is strong there. There is considerable opposition to compulsory military training.

The most striking indication that times have changed in Germany is the manner in which West German conscripts are being "coddled." The boot camps send draftees' parents invitations to come visiting that sound as if they might have been issued by a children's summer camp. Drill instructors are urged to make life pleasant for their charges.

Recruits are encouraged to write signed or unsigned letters to their superiors detailing their gripes. And they do compose such complaints—about the food, the \$15-a-month pay, lack of adequate hot water, and so on.

Well, "new days, new ways," in Germany as elsewhere.

## These Days

By George E. Sokolsky

### The Oldsters

On Sunday, I watched Pierre Montoux conduct the Boston Symphony at Tanglewood. Montoux is 82. He has had a continuous schedule this summer at Tanglewood after a very difficult season in New York, including conducting at the Metropolitan Opera which is no light chore.

Leading an orchestra of a hundred or more men, and as at Tanglewood also one woman, is not only an intellectual task of the highest order but also involves violent physical effort, tremendous capacity for memory, self-control, and the simultaneous response to composer, player and audience. It is surprising that a man can do this at 82; yet look so fresh and even buoyant after the performance is over.

Age is, of course, as much of the spirit as of the arteries. Those who grow old quickest are surely those who have least to interest and concern them; yet I have known loafers who grow old, if not gracefully; that is, they live long. Therefore, there are apparently no fixed rules. But it is possible to note, in our own country, the amazing spectacle of Bernard Baruch writing his memoirs at 87, the first volume coming out in August, and Herbert Hoover, 83, writing his definitive work on Woodrow Wilson which will shortly be published, and Arthur Vining Davis, 90, still engaging in enormous real estate transactions.

Age apparently has nothing to do with capacity to work for the spirit and desire are still alive.

Of course, such men as I describe do not pursue hobbies. They need no toys. They keep working at their tasks, Montoux, music; Baruch, the economy of nations; Hoover, government; Davis, business—the activities they know and understand and are able to do competently. The fellow who retires and pursues a hobby may expend as much physical effort on the hobby as on his life-work, but the interest is not keen although it may be exciting, and the effort is often without result—the kind of result that is really meaningful to him. Those who hate what they are doing, do it not well at all, and do themselves no good at all. They are playing games.

That is why so many rich women go in for toys. Before they found the toys they did nothing themselves, delegating their responsibilities to hirelings and consuming time in the peripheral activities of the search for clothes, the gossip of the hair-dressing parlor, auctions for pictures, luncheons with other women whom they hate or dimmers with the husband's associates whom they find to be bores. They have lived according to the necessities and proprieties of their station.

Then comes the day when they want to do something themselves, to find themselves, as the phrase may be. So, they go in for all sorts of movements, not because they believe in them, but because somebody they know believes in them. It is a group relationship rather than individual conviction. So, one suddenly discovers that a large number of women were anti-Communist and they thought that Joe McCarthy would save the world, but when Eisenhower for President in 1952, they thought that Eisenhower would save the world. As the human race cannot be saved by two disparate saviours simultaneously, they dumped McCarthy. Now, most of them believe that either Billy Graham, Nehru or Dr. Schweitzer will save the world depending upon their group affiliations and their most recent dinner conversations.

The oldsters still at work, such as Montoux, Baruch, Hoover, Davis and many others, do not require such sublimations. They do not live in a toyland world. They continue their life-work as long as they can without being diverted by the temporary errors of their neighbors who believe that they can achieve long life by retiring from life. It is the fallacy of our industrial establishment that men are retired at 62 or 65, just when experience has accumulated and matured into wisdom, just when a proper balance of intellect and spirit is producing wisdom. Wisdom is a quality that comes to few.

I suppose that I should have concentrated on Berlioz and Hindemith on Sunday, but I could not avoid thinking of what men can do in their eighties if the will to do is not shrunk by life's petty battles and small affairs and by the fears of illness and death.

## Too Late At The Wishing Well?

## The President And The Battle Over Civil Rights

By Stewart Alsop

WASHINGTON

As the civil rights drama boils to a climax, the man to watch is President Dwight D. Eisenhower. The outcome of the fight may depend on how firmly and openly the President injects himself into it. What is probably more important, the President's personal prestige on Capitol Hill will be profoundly affected by the stand he now takes.

As strongly pro-Eisenhower "Time" Magazine has reported, the President's standing with Congress is at a new low. The Administration's amazing backing and filling on the defense budget has alienated those who supported the President in the budget fight. What "The Washington Post" called the President's "vacillation and inertia" on his own School Aid bill is credited with the defeat of the bill in the House. By the same token, his equivocal position on section three of the Civil Rights bill certainly helped to kill that part of the bill.

In these circumstances, as "Time" reported, the feeling is growing in Congress that the President "need no longer be feared, can often be ignored, occasionally flouted." That is one reason why some of those around the President — reportedly including Vice President Nixon, who feels deeply that the civil rights fight must be won — believe that the President should intervene firmly and even dramatically in the battle.

It has been proposed to the President, for example, that he should write a letter to Minority Leader William Knowland, outlining in the strongest terms his reasons for opposing a jury trial amendment to the Civil Rights bill. Knowland could then read the letter on the Senate floor, attracting maximum national attention and stamping the President's position firmly as the Republican Party position.

Rough drafts of such a letter have even been made. But it now appears unlikely that the President will adopt this course. Knowland himself reportedly feels that it would smack too much of White House "dictation" to Congress. Even so, a strong and open stand by the President in the fight over the jury trial amendment is still not to be ruled out, if only because of the political realities of the situation.

For the President's apparent

reluctance to fight hard for his Civil Rights bill has fitted perfectly into the brilliant strategy of Majority Leader Lyndon Johnson. It was clear to Johnson from the start that the Republican administration's decision to press for serious civil rights legislation represented a desperate danger to his party. It threatened to split the party irremediably. And it threatened the very political existence of northern Democrats heavily dependent on the Negro vote.

## Baering Down On The News

By Arthur "Bugs" Baer

Us old Manhattan ferriologists hate to see the round-shouldered luggers get their come-uppance from progress.

Interstate Commerce Commission just staked the Delaware, Lackawanna and Hudson to permission to junk its passenger pontoons. This line ran between Christopher Street and Hoboken. During Prohibition it was the bootleggers' causeway. And made the fair trial even fairer.

I saw the New York skyline first from the Penny ferries which no longer exist. In 1907 there was no uptown skyline. The panorama gandered in a December twilight made you feel like Dick Whittington's cat had kittens.

Runyon and I agreed the first gander at Manhattan should be from the deck of a ferry in a winter dusk. When you fly into New York you're taller than the buildings.

The I.C.C. also junked the Erie beelines shuttling between Chambers Street and Jersey City. This was the commuter's navy.

There's still one to Staten Island but there are no wide-bodied ripples in the East River. Horace Greeley test of a Swiss kid was to draw the Brooklyn ferry phalanxes. The teen-aged immortal was Tom Nast who was to caricature Boss Tweed into form-fitting oblivion.

The ferriscope of Manhattan's duskorama was one of the world's beautiful eye-pieces. We'll never forgive the New York Central for scuttling its Forty-Second Street, Cortland Street and Weehawken shore-to-shore service.

But the tunnels and the bridges have taken over as far north as Fort Lee, Yonkers and Bear Mountain. Route yourself through Staten Island this autumn and see Manhattan light the tallest candles in the world.

## Attorney Had Help From Backstage In Getting Jimmy Hoffa Acquitted

By Drew Pearson

WASHINGTON — There are some interesting untold facts behind the acquittal of Jimmy Hoffa, No. 2 czar of the teamsters. Well-known fact was that Hoffa was represented by Edward Bennett Williams, one of the top defense attorneys of Washington. He did a brilliant job. But not well-known is that Williams had some interesting backstage help which even he may not have known about.

Backstage Help No. 1—came from Paul Dorfman, boss of the Waste Material Handlers Union in Chicago, whose racketeering has brought him into trouble with AFL-CIO president George Meany. Dorfman's wife and son profited to the tune of over \$1,000,000 in commissions from labor welfare funds deposited by Hoffa and other friendly unions in an insurance company which mushroomed up overnight for the purpose of handling these funds.

Backstage Help No. 2—came from Truman Gibson, former secretary of the Chicago Boxing Association who, with Dorfman, helped get ex-heavyweight champ Joe Louis to come to Washington and put his arm around Hoffa. Gibson is a distinguished Negro attorney who served during World War II as race adviser to Secretary of War Henry L. Stimson, and later as adviser to President Truman on Negro problems regarding universal military training.

Backstage Help No. 3—came

from The Afro-American, prominent Negro newspaper in Baltimore, which carried not only a full-page ad praising Hoffa during the trial, but a column praising him to the skies as a friend of the Negro.

Eight members of the jury were Negroes.

Jury Locked Up

Copies of this flagrantly pro-Hoffa edition of The Afro-American were mysteriously delivered to the home of Negro jurors, but when Judge Burnita Matthews got wind of it she locked up the jury for the duration of the trial. This was the longest period in the history of Washington's new courthouse that a jury has been confined. Cost to the taxpayers was \$772 above normal court expenses.

After the jury was locked up it so happened that prominent Negroes visited the court and shook Hoffa's hand in full view of the Negro jury members.

As a final grandstand play, Hoffa's astute public relations adviser, Eddie Cheyfitz, suggested that a famous Negro hero be brought to the trial. At this point, Joe Louis's name came up. The job of persuading the champ was referred to Dorfman in Chicago.

It was reported at the time that Louis had come to Washington to discuss his tax problems with the Treasury. However, Louis acknowledged to this column that Paul Dorfman and Truman Gibson had approached him.

"Paul Dorfman got hold of me. He had Truman Gibson phone me here in Chicago," Louis said over the telephone from Chicago. "Gibson made all the arrangements."

The Brown Bomber also admitted that Hoffa had paid his hotel expenses. He stayed in the famous suite in the Woodner Hotel which overlooks Rock Creek Park and which Dave Beck had built for himself by knocking out the walls of two apartments.

At first the good-natured non-political Louis told Gibson he didn't want to come to Washington, that he was in trouble enough over his income taxes. Gibson, however, told him he was already in as much trouble as he could get with Internal Revenue.

My Friend Jimmy

So the obliging ex-champ came to Washington, dutifully sat in the courtroom, shook hands with Hoffa, and told the press he was there on "personal business" but had dropped in to see "my

good friend Jimmy Hoffa." He took pains to sit in the courtroom both one afternoon and one morning.

Afterward, Negro members of the jury who voted to acquit Hoffa said that race did not influence their verdict.

The man who arranged for Louis's trip to Washington, Paul Dorfman, is an extremely close friend of Hoffa's.

Dorfman's wife Rose and his son Allen helped organize the Union Insurance Agency Inc., in which was deposited almost \$20,000,000 of union funds between 1948-52. The insurance agency in turn placed its business with the Union Casualty Company and the Union Pacific Service Company, which mushroomed up overnight largely thanks to Teamster funds and Jimmy Hoffa.

"It was disclosed that approximately \$102,000 in checks payable to Allen Dorfman were not deposited to the agency's bank accounts," Rep. Hoffman's investigating committee reported.

When the Congressman asked Dorfman if he had paid this or any part of it to Jimmy Hoffa, he refused to answer. Time after time, Dorfman pleaded the 5th Amendment.

Paul Dorfman is also a good friend of Johnny Dio, recently convicted labor racketeer in New York. Senate investigators have found that Dorfman operates separate boys and girls camps in Winosha, Wis., sometimes permits their use as a blind for underworld characters to meet. Senate investigators recently traced two long-distance calls from Harold Krieger to mobster Abner "Longie" Zwillman at Dorfman's Winosha camps.

It was just as Congressman Hoffman of Michigan and his investigating committee were getting to the bottom of Hoffa's operations around Detroit that high Eisenhower officials intervened, and stopped the hearings. Congressman Hoffman made various speeches on the floor of the House protesting against the interference. Committee counsel William F. McKenna stated: "We were silenced before we could make public certain important financial-legal aspects of the Teamsters' operations."

After the investigation was called off, Hoffa threw his political support in Michigan to the re-election of Republican Sen. Homer Ferguson. Ferguson lost, later was appointed by Ike as Ambassador to the Philippines, then to the Court of Military Appeals.

## On The Side

By E. V. Durling

Do you have a difficulty in making a selection when buying your wife a present? Would you be slightly bewildered if shopping in Paris for a present for your wife? If so, consider the case of Sheikh Abdullah al Zawir. He has 35 wives. He wanted to bring his matrimonial gifts home from Paris. After struggling to think of something suitable for each wife, he gave it up. He bought 35 wrist watches.

### TOPPERS

California is in again with a couple of "toppers." As for number of living grandparents, Teddy, Timmy and Peggy Buffington of Belleflower, Calif., have four grandparents, seven great grandparents, three great great grandparents. That makes 14 living grandparents. The other Golden State topper is that James M. Horsey, 91, and his wife, Matilda, 90, of Long Beach, have just celebrated their 72nd wedding anniversary. They were married in 1885 in the Mormon Temple, Logan, Utah. Mr. Horsey is still actively engaged in business and goes to the office daily.

### HORSES AND WOMEN

What the manufacturers of feminine attire refer to as the "Marilyn Monroe influence" has made it mandatory for them to increase the bust size in the average dress from 34 to 36. The measurements of the average American female are now said to be 36-26-37. Not bad. But would be much better with a couple of inches clipped off the waist. If your wife bulges a bit in the middle have her take up lawn-mowing or bowling or both.

### SO THEY SAY

When young people ask me about the possibility of a matrimonial union between certain signs being a success, I tell them that when love walks in they should throw the astrology book out the window. Nevertheless, as it is the policy of this department to answer all queries

when possible, I give these questioners an answer. "How about a marriage between a Libra man and a Virgo woman?" asks a Philadelphia, Libra (Sept. 23-Oct. 22) men strongly resent criticism. Virgo (Aug. 23-Sept. 22) females are very critical. A Libra is likely to characterize his Virgo wife's criticism as "nagging." So heated arguments result and endanger the success of the marriage. Or so say the stargazers.

### SMOKERS

Consuming 15 cigarettes a day makes one "a light smoker," 25 cigarettes a day "a heavy smoker." It is the heavy smokers who should worry about ill effects of the habit. So decided over 40,000 British physicians who participated in a recent test. The British government is sponsoring research which is hoped will produce a filter that will eliminate 40 per cent of nicotine and tar from inhaled cigarettes. The British authorities are not only concerned as to the health of smokers but fear if too many people give up the habit it will seriously effect the revenue from the important tobacco tax.

### PASSING BY

H. J. Heinz, top man of the justly celebrated food products organization featuring "Fifty-Seven Varieties." The firm was organized by his grandfather over 80 years ago. Mr. Heinz was recently asked if his firm would ever feature 58 or more varieties. He answered, "Grandad called us all in once and said no matter what we made it must always add up to 57 varieties."

### SLOGANS

How are you on remembering slogans? What outfits featured the following slogans: 1. "The Beer That Made Milwaukee Jealous." 2. "Always Something Doing From One To Eleven." 3. "Only a woman understands a woman's ills." 4. "Children cry for it."

## You're Telling Me!

By William Ritt

Miss Chadwick will try to swim the 22 miles of the Irish sea in August which just goes to show how smart she is. Not only may she add to her laurels, but that Irish sea is a mighty cool place to be during the sultry dog days.

If we had a drugstore we'd sidetrack some of those old hot water bottle, light bulb, electric shaver and lipstick displays and enlarge the ice cream cone department so as to take care of every kid in the neighborhood!

## Effective Suntan Pill May Be Developed Soon

By Dr. Theodore R. Van Dellen

Last year the suntan pill, 8-Methoxypsoralen (8-MOP) was touted as a skin protective and tan producer. The drug, a member of the carrot family, has been used in Egypt for centuries to treat vitiligo. In this condition, unpigmented, white patches of various sizes appear on the skin. Pigment forms in these spots when 8-MOP is taken internally, provided the skin is exposed to the sun.

Research also has been done with the psoralens on normal skin that does not tan readily. But physicians cannot say at this time whether the drug is safe for long term usage, except perhaps

as a treatment of vitiligo. I would not advise anyone to take the medication to acquire a tan.

Anti-malarial tablets such as chloroquine, quinine, and plaquenil, have the power to screen out the sun's rays. They have been useful in preventing diseases like solar dermatitis that are induced or affected by light. The drugs also help people who are sensitive to ultraviolet by producing a tan before going out of doors. But this plan is not recommended routinely because these chemicals are capable of

producing nervousness, gastrointestinal disturbances, and toxic eruptions.

Chloroquine in itself is more useful as a sunscreen than is quinine or plaquenil. Best results are obtained when the drugs are used together and many physicians combine chloroquine and plaquenil, for example. Less of each drug is used and fewer side effects are noted.

When tablets containing the anti-malarials are swallowed daily, enough of the chemicals reaches the skin to form a chemical filter. These products change ultraviolet to fluorescent light which has a longer wave length and is too weak to induce the changes that are responsible for solar skin reactions. They are being used in the field of dermatology and, for many purposes, are preferred to the usual sun-screening salves and lotions.

Devotees of Old Sol may be able to have their cake and eat it too in the near future. We are learning more about the effects of ultraviolet on the skin. A screening substance may be discovered that not only will prevent burning and encourage tanning but will permit the individual to sunbathe without weathering the skin or developing cutaneous disorders, including cancer.

## Try And Stop Me

By Bennett Cerf

A young novelist's first best seller was up for grabs to the highest bidder in Hollywood. One producer, enthusiastic personally, but worried that the public might not be in the mood for a distinctly "downbeat" novel, decided to leave everything to a Univac machine. The producer, three yes-men and the author accordingly gathered to watch while the galley proofs were fed, one by one, to the electronic marvel, and the red, green and amber lights began flashing in mad profusion. Half-way through, the author could stand the suspense no longer. "How am I doing?" he demanded hoarsely. "It looks like you're in," whispered one of the yes-men encouragingly. "The Univac just sent

out for another package of popcorn!"

### Allegany County Marriages Show Unusual Trend

Now that the so-called "marrying" months are here, marriage license activity in the office of Joseph E. Boden, clerk of Allegany County Circuit Court, is beginning to slacken.

Each of the first five months of 1957 more marriage licenses were issued than in the corresponding month of last year. Then when June and July, traditionally the busiest for marriage licenses, arrived, the tide turned.

In both June and July, fewer licenses were issued this year. July of this year had 269 about 10 per cent below the 299 issued in July 1956.

With the heavy early start, the number of licenses issued in the first seven months totals 1,618, which is 3.5 per cent above the 1,563 in the first seven months a year ago. Through the 12 months of 1956 there were 2,751 marriage licenses issued here.

The monthly totals, with 1956 listed first each time:

January, 164 and 192; February, 165 and 181; March, 176 and 215; April, 224 and 231; May, 226 and 232; June, 309 and 298; July, 299 and 269.

### \$85,000 Collected At Close's Office

As July came to a close yesterday, some \$85,000 was reported collected during the month in state, county and sanitary district taxes at the office of Tax Collector J. Wallace Close at the Court House.

Mailed returns postmarked before last midnight also will be entitled to the four per cent July discount and may bring the collections for the month to nearly the normal \$100,000. About \$5,650 of the July collections were in state taxes.

Because of record June collections of \$2,050,000, some \$275,000 more than a year ago, it was anticipated that July receipts would trail normal.

Now that August has arrived only a three per cent discount will be allowed on county taxes. In September one-half per cent interest will be charged.

### Cunningham Gets New Assignment

Parker Cunningham, radio operator-technician for the Romney barracks of the West Virginia State Police, is being transferred to Elkins, W. Va. today.

He will serve as chief radio technician at Company C headquarters at Elkins.

Mr. Cunningham is 48 and a native of Keyser. He has been with the W. Va. state police since 1941, with time out between 1942-45 for service in the Air Force. He has been stationed at Romney since 1949.

He is married to the former Dorothy Day. They have one son, Parker Allen, 4.

### Driver Is Moved To County Jail

Eugene Thomas Bush, 34, of Frostburg, who was admitted Tuesday to Memorial Hospital for treatment of injuries sustained in a three-car accident three miles east of Cumberland on Baltimore Pike, yesterday was transferred to the County Jail shortly before noon.

Bush failed to stop after the accident and faces three motor vehicle charges, according to State Trooper Robert Wolford.

### Negro Laborer Run Over By Train Dies

GALAX, Va., July 31 (AP)—James E. Turner, 35, Winston-Salem, N.C., laborer who was run over by a train, died today in a Galax hospital.

Turner, a Negro, underwent amputation of the right leg and the left foot and ankle after the mishap Monday.

The locomotive and 22 cars of a Norfolk and Western Railroad train passed over Turner, when he stepped from the back of a truck onto the tracks in the Galax freight yards.

# Frostburg Little Leaguers To Test Williamsport Today

## Teams Play Semi-Final In District

Field Is Narrowed To Four; Frederick Plays At Thurmont

Frostburg's All-Stars will engage in their third game in the Little League district playoffs today when they tackle the Conococheague League Williamsport tossers of Washington county today at 6 p. m., at Williamsport, Md.

The Mountain City team, managed by Leon "Peck" Kidwell of the Orioles and Bill Biggs of the Lions, got off on the right foot by defeating the Oakland All-Stars from Garrett County by the score of 4-3. Then Frostburg made it two wins in a row when Jimmy Diehl hurled a no-run, no-hit game and eliminated the Berkeley Springs-Hancock aggregation to the tune of 6-0 on Tuesday.

### Cop One-sided Tilt

Williamsport also has won two games in the elimination tourney trouncing Halfway, 18-2 and beating the Hagerstown Federals to the tune of 11-0 in a game in which Ronnie Ardingher held the Hub City nine runless and hitless.

Frostburg's starting pitcher in today's game will be either Veri Perkins, Wayne Harper or John Chaney. Perkins started against Oakland last Friday and Harper got credit for the win in the role of relief pitcher when Frostburg scored four runs in the fifth after spotting the Garrett nine three runs.

After today's games only two out of an original field of 18 teams will remain in the running for district honors.

### Other Semi-Finalists

In the upper bracket of the district playoffs the semi-finalists are Thurmont and the Frederick Nationals, both Frederick county teams. They'll clash today at Thurmont with the winner meeting the victor in the Frostburg-Williamsport contest on Saturday.

Frederick Nationals opened the tourney with a 13-0 win over the Frederick Americans, eliminated Brunswick, 7-0, and knocked out the Potomac Leaguers of Bakerston, W. V., 4-3. Thurmont disposed of Emmitsburg, 4-3, after drawing a first round bye and eliminated Westminster, 13-12.

## SPORTS GRILL

By PAT ROBINSON

NEW YORK, July 31 (INS)—When he was lightweight champion, the late Battling Nelson correctly dubbed the Durable Dane, once remarked "I ain't human."

That was his personal tribute to himself for his well-nigh inhuman ability to absorb punishment in the ring.

Nelson lost his title to another marvelous shock absorber, Ad Wolgast, in 40 brutal rounds under a broiling sun in 1910. With both eyes closed and battered to a pulp, Bat was still trying to grope for his opponent when Referee Ed Smith put a merciful end to the slaughter.

Believe it or not, there were sadists at the ringside who objected to the stopping of the fight.

Wolgast spent the last years of his life in a hospital for the insane, and some 20 years after the fight Nelson shoved us away from a scales in a roadside outside Chicago one night while he weighed himself "for his next fight."

All this came back to us in the Polo Grounds Monday night, when we heard many fight fans squawking because Referee Ruby Goldstein had mercifully put an end to the slaughter of Hurricane Jackson by neavyweight champion Floyd Patterson.

It was sheer butchery, for Jackson had no defense and only hi. Nelson-like endurance and courage carried him into the tenth round before Goldstein called a halt.

Jackson took a terrible battering from the champion who methodically slugged Hurricane's face to a pulp and battered his kidneys so badly that the beaten fighter wound up in a hospital a few hours later.

Many had been begging Goldstein to stop the bout as early as the sixth round, and he might have done so if it had been anything but a championship fight.

But there were many more who howled their disapproval at the ending in the tenth round. After all, Jackson hadn't yet been beaten to death, nor had he shed enough gore to satisfy the bloodlust of the sadists.

Patterson is a real good fighter and Jackson had no more chance with him than our Aunt Emma would have had.

If Jackson was such an easy victim what do you think will happen to Pete Rademacher, a raw amateur who never went more than three rounds in his life, if he is tossed in with Patterson?

This proposed title bout in Seattle is contrary to common

**TO FACE CHAMP** — Pete Rademacher, an amateur, will get a chance to fight Floyd Patterson for the world's heavyweight championship August 22 at Seattle now that Patterson has disposed of Tommy "Hurricane" Jackson. Rademacher has been training at Columbus, Ga., since the first week in July and will move to his camp near Seattle, Sunday.

## West Virginia Will Take 50 To Grid Camp

Mountaineers Open Practice Sept. 2

MORGANTOWN, W. Va., July 31 (Special) — A WVU varsity squad numbering 50 players will begin pre-season football practice on Monday, Sept. 2, at beautiful Jackson's Mill, W. Va.

The training camp at the state's 4-H camp will last a full two weeks, ending on Saturday morning the 14th in time for University registration. The Mountaineers will play their first game Sept. 21 against the University of Virginia on Mountaineer Field.

The official roster lists 15 seniors, 17 juniors and 18 sophomores. By states, there are 23 West Virginians and a like number of Pennsylvanians, with two from Ohio and one each from Virginia and Delaware.

Fifteen of the players are let-termen (nine of the 1956 group have departed). Seven of these have lettered for two seasons, indicating that a veteran team will represent West Virginia on the gridiron this fall.

The 1957 varsity roster follows:  
**ENDS** — John Bowles, Bluefield; Roger Chaney, Pomeroy, O.; Terry Fairbanks, Parsons; Dennis Jones, Monongah; Dick Kleckner, New Castle, Del.; Bruce McClung, Rupert; Phil Messinger, Clarksburg; Ben McComb, Sewickley, Pa.; Rick Rodessky, Riverdale; Clyde Sweeney, West Union, and Tony Tallarico, Man.  
**TACKLES** — Bill Dumbauld, Huntington; Bill Fischer, Liberty, Pa.; Larry Foltz, Newell; Dick Guesman, Brownsville, Pa.; Jim Hillen, Uniontown, Pa.; Bill Lopasky, Dallas, Pa.; Jim Pickett, Jeannette, Pa.; Paul Sharkady, Centerville, Pa.; Bill Trozzo, Hilton, Pa.  
**GUARDS** — Ronnie Abraham, New Castle, Pa.; Carl Dannenberg, Wheeling; Bill Ford, Centerville, Pa.; Bob Guenther, Clairton, Pa.; Charles Hager, North Braddock, Pa.; Chuck Howley, Wheeling; Jerry Keeney, Clairton, Pa.; Joe Nicely, Rupert; Ed Sommer, Point Pleasant.  
**CENTERS** — Chuck Bilak, McClellandown, Pa.; Tom Dornen, Fredericktown, Pa.; Bob Lively, Oceana; Harry McFeater, Swissvale, Pa.; J. D. Miller, Sewickley, Pa.; Joe Wirth, Pittsburgh, Pa.  
**QUARTERBACKS** — Bob Connolly, Pittsburgh, Pa.; Dick Longfellow, Spencer, Pa.; Chuck Simpson, Charleston; Mickey Trimarki, Burgettstown, Pa.  
**HALFBACKS** — Ralph Anastasio, Follansbee; Bill McClure, Charleston; Whitey Mikanic, Follansbee; Ray Peterson, Falls Church, Va.; Neil Reight, Etta, Pa.; Dave Rider, War; Ronnie Santicola, Oakmont, Pa.; George Stoffer, Canton, O.  
**FULLBACKS** — Larry Krutko, Carmichael, Pa.; Glen Shamblin, Sissonville; Noel Whipkey, Charleston.

## Pirates Win, 10-2, In Dapper League

The Pirates scored their first win of the second half championship race in the Dapper Division of the Dapper Dan Little League by beating the Cardinals yesterday at Post Field by the score of 10-2.

Wayne "Ace" Jewell scattered seven hits and struck out 12 Cardinals. Ronksley went the route for the Cardinals, yielded 13 blows and whiffed seven.

Louie Lewis blasted a homer and two singles and Ray and Roy Miller collected two hits each for the Pirates. One of Ray Miller's belts was a triple. Murray collected a two-bagger and single for the Cardinals. Score: Cardinals 100 010—2 7 2 Pirates 503 203—10 13 1 Ronksley and Morgan Jewell and Roy Miller, HR—L. Lewis (Pirates).

### Tender Tigers

NORMAN, Okla. (P) — The University of Oklahoma football squad may be a tough outfit on the gridiron but the boys are tender as nursemaids at home.

When a tornado alert sounded, the only shelter available was the basement of Jefferson house, the dormitory for athletes.

Dozens of parents and young offsprings rushed to the basement without adequate provisions. The football players took over walking crying babies, applying diapers and clowning to keep minds off the storm.

sense. Oh, well, Rademacher may not have Jackson's endurance and Patterson may end it quickly and mercifully.

## Two Dramatic Ninth Inning Rallies Win Brooklyn Pair

Roebuck Beats Cubs, 3-2, 2-1; Duke Snider Hits Two Home Runs

CHICAGO, July 31 (P) — The Brooklyn Dodgers rode two dramatic ninth inning rallies to a double header sweep, 3-2 and 2-1, over the Chicago Cubs today.

Dodger pitcher Ed Roebuck got credit for both victories. Tied going into the last round of the first game, the Dodgers powered three straight singles to produce the winning run after two were out. Cub pitcher Bob Rush took his 12th defeat.

## Barrelville Takes 17th In Row; Engle Bags 9th Straight

Barrelville's unbeaten Pen-Mar League pennant winners extended their victory skein to 17 games yesterday when they trounced the Cresaptown D.A.V. by the score of 10-1 at Barrelville.

Lefty Don Engle in making his season record 9-0 gave up only two hits, both by Ray Stevanus, and struck out seven of the visitors.

Joe Nolan with a homer, triple and single and John Smith with a two-bagger and two singles paced the Barrelville attack. Tommy Linn slammed a triple.

Today Barrelville plays the Maroons at LaVale. Score: D. A. V. 100 000—1 2 3 Barrelville 311 115—10 13 1 Hardy and Brenneman, Engle and Barr, HR—J. Nolan (Barrelville).

### Dodger Failing

BROOKLYN, N. Y. (P) — The biggest setbacks suffered by the National League champion Dodgers during the first half of the campaign came in doubleheaders. In seven doubleheaders, they won only four games. They lost twin bills on three occasions and split four times.

nightcap, the Dodgers blended two singles and two walks with losing pitcher Don Elston's throwing error on an attempted pick-off and scored twice.

In closing out the month of July, the third place Dodgers accounted for 16 victories against six setbacks since the All-Star game—the fastest pace in the National League.

After Duke Snider poled his 25th and 26th home runs to keep the Dodgers in contention against Rush in the opener, Roy Campanella, pinch batter Elmer Valo, and Junior Gilliam stroked the singles to produce the payoff run. This spurt made Roebuck the winner of his second decision, but the day wasn't over as far as big Ed was concerned.

He came back in relief for Roger Craig in the eighth of the second game to receive credit for his second win of the day.

## Tigers Purchase Johnny Groth

BOSTON, July 31 (P)—Outfielder Johnny Groth, who began his major league career with Detroit, was re-acquired by the Tigers today in a straight cash deal with the Kansas City Athletics.

The 31-year-old Groth played parts of the 1946, '47 and '48 seasons with the Tigers before winning a full time job.

He was traded to the St. Louis Browns after the 1952 campaign and then played with the Chicago White Sox and Washington Senators before being sold to Kansas City last year.

### Caddy Brothers

DAYTON, Ohio (P) — Dale Harch, 17, outfinished his brother Dave, 15, in the PGA tournament. Dale, Dick Mayer's caddy, went to the round of eight and carried the National Open champion's bags for six rounds. Dave had Buck White who was eliminated in the fourth round—Dale, a basketball player, will attend Northwestern in the fall.

## Post's Catches Sports Shoppe In Rec League

Beats Kelly, 10-1; Ties For 1st Place

Manager Basil Williams' Post Playground tossers tied the Sports Shoppe for first place in the ten-team Rec Softball League by defeating Kelly 10-1 yesterday at East Side Field by the score of 10-1.

The deadlocked leaders now have 13-3 records.

In reeling off their ninth consecutive victory, Post's pounded the offerings of Harold Corrigan for 13 hits, including Dick Niner's circuit wallop, a triple and two singles by Don Perdue, a pair of two-baggers by R. C. Lewis, a double and single by Gene Hess and two one-base knocks by Ronnie Lewis.

Gene Hess, who is credited with all of the wins chalked up by Post's this season, turned in his 13th victory against a single loss.

Corrigan collected two hits and Fabbri smashed a homer for the Tiremen, who now own a 9-7 record.

## Byrd Aids Jim Bunning Turn Back Red Sox, 5-3

Detroit Pitching Ace Bags 13th Win

BOSTON, July 31 (P) — The Detroit Tigers bunched a homer, a bunt single and three doubles for four runs in the fifth inning to defeat the Boston Red Sox, 5-3, today in rain-soaked Fenway Park.

Slender righthander Jim Bunning was credited with his 13th victory in 16 decisions, although he needed help from veteran Harry Byrd in the eighth inning when Boston added its third run.

Bunning was tough in the clutch until he retired with runners on first and second and one out. Byrd gave up a walk and a run-producing single to Dick Gernert before getting Jimmy Piersall to rap into a double play.

The Red Sox, who had won six of seven previous games on the current home stand, waited out a heavy downpour to play the game before 15,154 paid fans and 3,759 ladies.

Boston's Willard Nixon retired the first 11 batters in order before

### Princeton Choice

NEW HAVEN, Conn. (P) — Princeton is a strong favorite to win the 1957 Ivy League football title, at least among the league's sports publicists.

Five of the eight directors of sports information picked the Tiger to win the crown while the other three figured them for second in a recent poll. Pennsylvania (2) and Yale (1) were the other choices.

Last season the publicists picked Yale and Cornell as co-favorites. Yale won the championship—and Cornell finished last.

### Cincy Has Height

CINCINNATI (P) — Cincinnati's first team in the National Basketball Assn. will be a big team if two of the men signed can be taken as a yardstick. They are Clyde Lovellette, a 235-pounder who is 6-feet-9, and Jimmy Paxson, who is 6-feet-6. The Cincinnati Royals acquired the pair in a trade with the Minneapolis Lakers.

singles by Frank Bolling and Al Kaline and an error gave Detroit a run in the fourth.

The Red Sox tied it on Ted Lepcio's eighth homer and went ahead on a single by Billy Consolo, an infield out and a single by Nixon. The Tigers then erupted with their game-deciding rally in the fifth.

Boston's Ted Williams had a double, his 22nd of the year, in three official times at bat while extending his hitting streak to nine games. His average dipped a point to .333.

# Frederick Legion Clobbers Midland, 21-0 And 11-3

## Francis Scott Key Post Cops Section Title

Qualifies For State Title Event; Smith Wins Both Contests

FREDERICK, Md., July 31 — Francis Scott Key Post of Frederick clobbered Midland Post of Allegany County in both ends of a doubleheader here today and eliminated the Mountain District champions from the Maryland Championship American Legion junior baseball tournament. The scores of today's games were 21-0 and 11-3.

Frederick's sweep today put the winners into the state championship tourney to be staged at College Park, August 8 through 11. Three other sectional winners will vie in the College Park games.

The series between Frederick and Midland was billed as best-of-three games but the third game was unnecessary after today's debacle.

In the opener, Frederick collected nine hits, including a two-run homer, triple and single by Don Keller, son of Charley Keller, New York Yankees coach and former major league home run belter, and took advantage of 17 bases on balls issued by three Midland hurlers. Frederick scored in every inning.

Frederick's Jack Smith got credit for both wins. He toiled for four innings in the opener and whiffed nine while in the nightcap he went the 7-inning route, yielded only five safeties and fired the third strike past an even dozen batsmen.

Dave Richards, who won four and lost one for Midland in its series with Fort Cumberland Post, was charged with both defeats. He was batted out of the box in both games.

In addition to pitching a fine article of ball in the nightcap, Smith also hit a round-tripper for Frederick. Page hit for the circuit for Cumberland. Box score:

## Doby Stars In Victory Of Chisox

Gets Four Blows As Nats Lose, 6-5

WASHINGTON, July 31 — Larry Doby collected four singles in as many chances tonight to lead the Chicago White Sox to a 6-5 victory over Washington. Roy Sievers slammed his 27th homer for the Senators off winner Bob Keegan in the seventh inning with none aboard.

Both clubs employed five pitchers. The White Sox were forced to throttle a rally by the Senators in the ninth when successive doubles by Lou Berberet and Faye Throneberry nudged Washington within a run of Chicago.

Dixie Howell, victim of the doubles, retired Milt Bolling on a foul to first baseman Earl Torgeson. Paul LaPalme came in to dispose of pinch-hitter Art Schult on a grounder to Sam Esposito at third base.

Doby, batting 457 against the Senators this season, singled across a run in the second inning after Minnie Minoos doubled. He singled again in an unproductive fourth inning, singled during a three-run uprising against loser Pedro Ramos in the sixth, and drove across another run in the ninth with his fourth single.

THIS 10-MAN TEAM, made up of top professionals, will represent the United States in the Ryder Cup matches against Great Britain at Yorkshire, England, Oct. 4-5. In previous Ryder Cup matches the U. S. has won nine of 11 of the biennial pro golf classics. (International)

## Gavilan Wins Over Ortega

Unanimous Verdict Is Given To Cuban

MIAMI BEACH, Fla., July 31 —Kid Gavilan took a long step on the road back when he punched out an unanimous 10-round decision over Gaspar (Indian) Ortega of Mexicali, Mexico, in a nationally televised fight tonight in the Auditorium.

The former welterweight champion won the unanimous decision of the judges and Referee Jimmy Peeler with a bruising body attack that raised welts on the Indian's torso but never brought him down.

Tough as the cactus in his native land, Ortega kept shooting at Gavilan's head while the Cuban, veteran of 137 ring battles, bored in to carry the attack to his younger foe.

Yamil Chade, Gavilan's manager, said the 31-year-old Havana fighter is ready now to meet welterweight champion Carmen Basilio either in Miami Beach or Havana. Chade said tonight's victory was the greatest fight of Gavilan's career.

## Tribe Blanks Orioles, 4-0

Baltimore Runless Streak 32 Innings

BALTIMORE, July 31 —Ray Narleski of the Cleveland Indians blanked the Baltimore Orioles 4-0 on six hits tonight and extended Baltimore's runless streak to 32 consecutive innings.

Gene Woodling hit his ninth homer and two singles and Bob Avila clubbed a single, double and triple to pace the 11-hit Cleveland attack.

Narleski gave up five walks along with the six hits, but he was tough in the clutch as he left 10 runners stranded.

The Orioles, who have been shut out three straight games and have lost four in a row, loaded the bases in the first inning and three times left two runners on base as Narleski notched his eighth victory in nine decisions.

Avila launched the rallies which produced the first two Indians runs. He tripled with one out in the second and scored on a wild pitch by loser Ray Moore, whose record is now 7-8.

## Legion Baseball Finale Scheduled For Billings, Mont.

INDIANAPOLIS, July 31 —A record 19,000 teams will be reduced to 49 in the next two weeks in state-level competition of the American Legion's 31st National Junior Baseball Tournament.

Champions of 47 states, Alaska and the District of Columbia will move into 12 regionals, survivors will advance to four sectionals and the final four will play for the championship Sept. 5-9 at Billings, Mont.

American Legion National Headquarters today announced that Region 3 teams will play at Parkersburg, W. Va., Aug. 21-25. Region 3 comprises West Virginia, Maryland, Delaware and District of Columbia.

Region 4 teams will play at the home town of the North Carolina champion Aug. 21-24. This region includes teams from Kentucky, Virginia, Tennessee and North Carolina.

The winners in Regions 1, 2 and 3 will play in a double elimination tourney at Perryville, Md., Aug. 27-30. A similar sectional tourney for regions 4, 5 and 6 will be held at Sumter, S. C. Aug. 28-31.

## Caseys Beat Hermans, 6-4, Grab Lead In City League

Blue Ribbon Bakery Trims Exports, 5-1

Manager Mickey Clark's Knights of Columbus replaced the Hermans as leaders of the City Softball League by beating Manager Jimmy Allen's aggregation yesterday at Stitzer Field by the score of 6-4.

The Knights rapped the offerings of Hayden Phillips for 10 hits, including a homer, triple and single by Rickey Harris and two singles by Donnie Madden. Bobby Christ starred in left field for the Caseys, turning in several nice catches.

The win gave the Knights a 3-2 lead in the season series. Rod Breedlove homered, Jerry Yankelevitch smashed two doubles and Bobby Goss garnered a pair of singles for the Hermans.

George Harris, Casey hurler, notched win No. 14 against four losses. The loss was the second for Phillips against five wins.

At Fort Hill Field, home runs by Bill Hudson and Roy Perrell paced the Blue Ribbon Bakery to a 5-1 decision over the Old Exports.

Neil Toey allowed only two hits, both singles by Fred Meeks and Dave Ritter. Toey had a two-bagger and Bill Hudson two hits to lead the winners.

A nice catch by Bill Hudson off the bat of George McGregor on the bank in centerfield was the fielding highlight of the game. McGregor featured afield for the losers. Scores:

## Turley, Larsen Win Twin Bill For New York

Yankees Win Over Athletics, 2-0, 5-4; Mantle Hits 28th

NEW YORK, July 31 — The New York Yankees fattened up on Kansas City again today, sweeping a doubleheader 2-0 and 5-4 to make it 16 victories in 17 games with the A's this season.

Bill Skowron's eighth-inning single scored Gil McDougald with the winning run in the second game after Mickey Mantle had smashed his 28th homer in support of Bob Turley's five-hit pitching in the opener.

Don Larsen received credit for the second game triumph, his sixth against three losses, despite fielding misplays behind him that made three of the four Kansas City runs unearned. Larsen, allowing only two hits, pitched eight innings and Art Ditmar worked a hitless ninth after Larsen went out for a pinch-hitter.

Errors by Bobby Richardson and McDougald set up the Kansas City runs in the nightcap but, behind 4-0, the Yanks bounced back, finally tied the score in the fifth on McDougald's ninth homer and won it with three straight singles with none out in the eighth.

Turley, matching Larsen's 6-3 record, struck out seven and walked only two in the first game, none after the second inning. Mantle's homer was a towering drive that landed in the third deck in right field, well over 400 feet from the plate. Mantle also drew two walks during the day to run his season's total to 114, a personal high for the young slugger.

Barton moved another step closer toward winning the pennant in the Twilight Baseball League by trimming Midland yesterday in Barton by the score of 11-4.

The victory gave Barton a 15-3 record, a two-game lead and only two more games to play.

Lonaconing, runner-up, with 13-5, won via the forfeit route yesterday when Wright's Crossing was unable to field a team.

Lefty Jim Wilson registered his sixth win against a single loss by turning back Midland yesterday. He kept seven hits well spaced and whiffed nine batsmen.

Manager Don Bean sparked Barton's nine-hit attack on Winters and W. Wilson with three safeties while Jim Wilson banged a two-bagger. W. Wilson smacked a triple for Midland.

Finzel upset Zihlman in a 5-4 contest staged at Finzel. Jack Burner gained the decision over Bob Keister in this game.

Burner collected three hits and Delford Crowe garnered a pair and drove in Finzel's last two runs. Anderson smashed a home run for Zihlman.

## Ratterman Testifies At Capital

Says Bell Claimed Judge's Authority

WASHINGTON, July 31 — A House subcommittee investigating pro sports heard today that Commissioner Bert Bell of the National Football League once claimed authority which a judge said belonged to the courts.

The account came from George Ratterman, ex-Notre Dame and NFL quarterback who said Bell slapped him with a \$2,000 fine for jumping to the Canadian Football League.

Ratterman said a New Jersey judge told him the league-jumping dispute was a matter for the courts to settle. Ratterman said Bell rejected this view.

The former Notre Dame star was one of a quartet of present and former football luminaries who testified in the House Anti-Trust Subcommittee's survey of pro sports enterprises.

Creighton Miller, another Notre Dame back in the 1940s, testified that Bell declared last winter he would quit as commissioner if NFL club owners did not recognize a players' association.

The owners refused recognition, but Bell stayed on at what Rep. William E. Miller (R-NY) noted was a raise in pay. Bell, hired by the owners, got a bonus and \$10,000 raise—to \$40,000 a year—at the league's annual meeting last January.

Miller, attorney for the association, said it represents more than 90 per cent of NFL players from all 12 teams except the Chicago Bears.

His testimony was supported by the two chief player representatives, Norm Van Brocklin, Los Angeles Rams' quarterback, and Kyle Rote, end and captain of the world champion New York Giants.

They contended the type of union NFL players have formed would solve pro football's player-management problems, including an alleged "blacklist" of players who try to become free agents.

## Post Cagers Win

Post's Playground three-man basketball team composed of Donnie Lewis, Thurl Roy and John Estes won the senior championship in the Southern Division yesterday by defeating Penn Ave. 14-11.

Post's led at halftime, 14-4. Lou Metz and Fred Billmeyer refereed the game.

## Pirates Lose To Milwaukee

Braves Hold Lead With 4-2 Triumph

MILWAUKEE, July 31 —The league-leading Milwaukee Braves slapped 11 hits—nine of them off starter and loser Bob Purkey—as they beat the Pittsburgh Pirates, 4-2, tonight.

Bob Buhl, taking his 13th victory against six losses, scattered five singles in earlier innings and then lost a shutout in the ninth when Dick Groat and Bob Skinner doubled and Hank Foiles, third of the Pirates catchers, singled. Groat scored on the hit by Skinner, who came home on Johnny Logan's fumble of a bounder by Bill Mazeroski.

Purkey, charged with his eighth loss against 10 victories, gave up homers to Red Schoendienst in the third and Logan in the fifth and was charged with both of the Braves' runs in the sixth.

The Braves blasted Purkey and relief hurler Ronnie Kline off the mound in the sixth when Milwaukee collected four singles and a double by Bob Hazle, who was called up from Wichita a few days ago to strengthen Milwaukee's outfield.

## 43 Youngsters Graduate In Swim Classes

### Red Cross Program Proves Popular

Two classes of Red Cross swimmers have completed their courses and are eligible for Red Cross certificates, according to Miss Martha Miller, volunteer Red Cross instructor at Constitution Park Pool.

The classes included a group of beginners and a group of intermediates.

In the final tests, the beginners were graded on breath holding, rhythmic breathing, prone float, prone glide, back float, back glide, kick glide front and back, arm stroke, finning, combined stroke front and back, turning over, leveling off, jump into water of various depths, plain front dive and other swimming demonstrations.

Of 73 youngsters who started the beginner course, a total of 35 made satisfactory progress in the two weeks of training and were graduated, Miss Miller said.

In the intermediate group, where 19 enrolled, a total of eight completed the course satisfactorily and graduated. This group was trained in the breast stroke, scissors, flutter, side-arm and hand-over-hand strokes, elementary back stroke swim for 50 yards, selected stroke swim for 100 yards, turning, floating for at least one minute, sculling 10 yards, treading water at least 30 seconds, underwater swimming, standing front dive, running jump and a five-minute swim.

Miss Miller explains that even though a student fails to pass the full course, the training gives him considerable knowledge of swimming, instills confidence and teaches the youngsters what to do and what not to do in the water. Safety is emphasized throughout the entire program, and the students who fail are at liberty to repeat the training if they desire.

Graduating beginners include: Mike Hammons, 429 Forest Avenue; Ronda Herth, 468 Columbia Street; Raymond Green, 805 Elmwood Lane; Robert Madden, 515 Riehl Avenue; Helen Meagher, 130 Columbia Street; Rita Melvin, 466 Columbia Street; Richard Waingold, 1208 Bedford Street; Alvin Herath, 460 Columbia Street; Margaret McGann, 507 Dilley Street; Bernard Morrissey, 325 North Mechanic Street; Jerry Bloese, 825 Shawnee Avenue.

### Television And Radio

## by John Crosby

### The Movie Plugs

I can remember way back when the motion picture industry shuddered at the mention of television, forbade their stars to go anywhere near a television station and even were annoyed if they bought a set and looked at it. But that was long ago.

Now, the minute they finish a picture, the stars leap in front of a television camera and tell us all about it. There have been whole evenings which seemed like one long trailer for the movie business. Bob Hope on the Steve Allen show not long ago took up practically the whole hour plugging "Beau James."

Your purists who think perhaps the movie business ought to pay for its advertising might object to this but I found the whole thing vastly entertaining.

There were newsreel clips of Jimmy Walker saying farewell to New York, of Walker and Betty Compton drinking champagne in London and even some fine film clips of Mayor LaGuardia reading the funny papers over the radio to the kiddies, although the connection between that and Jimmy Walker remained obscure. There were some wonderful dances of the period—"The Collegiate," "The Black Bottom," and, of course, "The Charleston." Hope and Allen told some jokes about the era.

It was all a lot of fun except that it didn't inspire in me any great desire to see the picture. Jimmy Walker was a man of deadly and imperishable charm and it occurred to me that it might be a mistake to show him, even on film on the same show with the actor who played his part. Not that Hope hasn't got charm, too, but he's not in Walker's class. Neither is anyone else.

There's no doubt about it, plugs for pictures are getting more elaborate on TV. Burt Lancaster, for example, appeared on the Ed Sullivan show with practically a whole act built around his picture. In pulling this off, great hunks of the picture were shown which were, I guess, designed to whet our appetite for more. But I must have a severe palate because it didn't have that effect on me. I decided that I'd seen more than enough of "Sweet Smell of Success" to get me through the summer and possibly the winter.

In plugging their picture, the boys are walking a tightrope. The idea is to show enough but not too much. The original plug consisted largely of a toothsome female who had just finished a picture walking out in front of the camera mumbling the name of the picture. Then came the brief, enticing film clips from

the picture, backstage interviews with the stars and director. Now they are doing comedy routines which just possibly are better than the picture.

The situation is rapidly approaching the point where a movie producer and his director and writers open a story conference with: "Never mind the plot of the picture. What are we going to do on the Ed Sullivan show?"

Then there is another angle to this thing that has not been sufficiently explored. If movie plugs get too numerous and too bloody dull, it may have the effect of driving us out of the house to get away from them. That's one way to get us to go to the movies.

I think over the years I've been exposed to all the forms of movie blandishments known — the half-naked girls in the ads, the implication of wild sexual abandon, which are, of course, totally missing from the picture, the scrupulously misleading statements about the plot, the 35-foot pictures of Marilyn Monroe.

Over the years movie advertising has instilled in me a wildly perverse desire to walk out in front of a TV camera someday and say: "This is the picture Hollywood said we couldn't make — and we couldn't. We tried but — well, Hollywood was right. You can't make that picture. Why don't you people go to the ball game tonight? You ought to get out in the fresh air more often anyway."

### Fined For Wife Sale

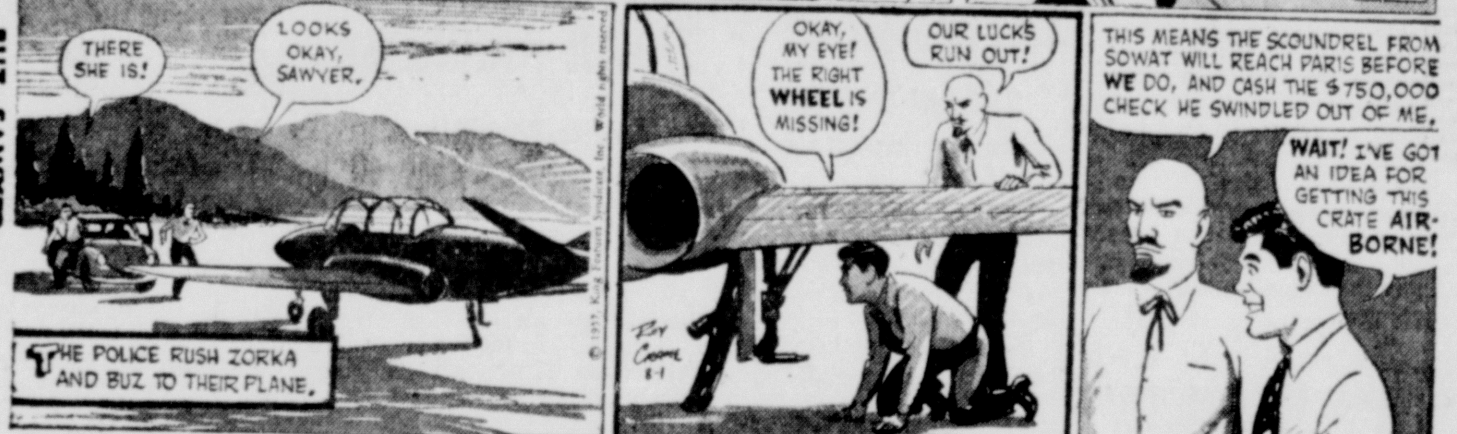

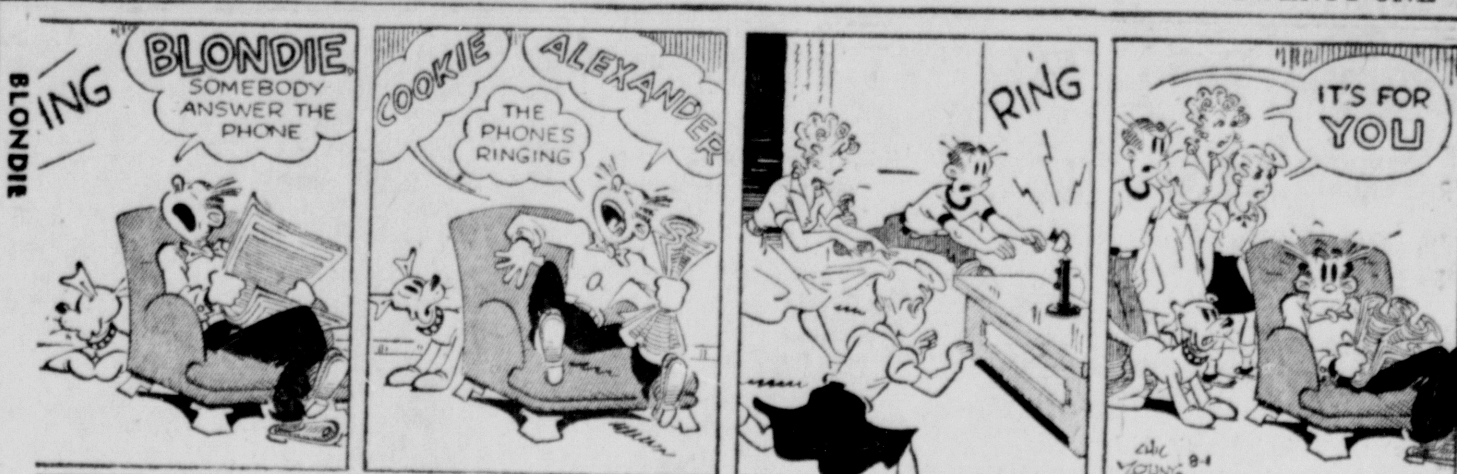

CALCUTTA, July 31 (AP)—An Indian villager at Athgaon, in Upper Assam, sold his 18-year-old wife to a neighbor for the equivalent of \$42.

The deal raised a furious cry among the matrons and the village elders solemnly met in judgment.

Seller and the buyer — who showed a bill of sale — were fined \$50. The wife was returned to husband No. 1.

# Oldtown Road Couple Seeks Injunction

Damage Blamed On B&O Project

Carl G. Valentine and Shirley Valentine, his wife, RFD 4, Oldtown Road, have filed an equity suit against the Harrison Construction Company in Allegany County Circuit Court to enjoin the company from damaging their property while doing construction work in conjunction with the Baltimore and Ohio Railroad yard expansion project.

The Valentines state in their bill of complaint, which was filed by Attorney William R. Carscaden, that they own property in Frazier Addition, located on the south side of Oldtown Road about one mile southeast of Cumberland, and this property is improved with dwellings.

They go on to say that the Harrison Construction Company, in carrying on the construction work for the B&O, operates heavy vehicles called "Euclids" which make a great deal of noise and spread dust and fumes over the Valentines' property. This work starts at 6 a. m. and continues until 1:30 a. m. the next day, they say.

Because of the noise, dust and smoke, the Valentines contend that they are unable to get their proper sleep and rest and their property is being damaged.

They ask for a mandatory injunction requiring the company to abate and correct the nuisance, and they ask for an award of pecuniary damages.

Associate Judge Morgan C. Harris signed a show cause order giving the construction company until August 10 to show cause why the injunction should not be granted.

# New Germany Work Starts

Work has been started this week on a new entrance road and a new parking area at the New Germany Recreation Area in Garrett County. District Forester William H. Johnson reported yesterday.

The forester explained that the State Department of Forests and Parks gave the county the necessary land to relocate the county road near New Germany. Now the State Department of Forests and Parks has contracted with the Garrett County Roads Department for construction of a new entrance road and the parking area which will accommodate about 120 cars.

This new arrangement will eliminate a hazardous condition which took the county road near the New Germany beach. With increased use of the area in recent years it has sometimes been necessary for motorists to park their cars on the county road right-of-way.

Work was started Tuesday and Mr. Johnson hopes it will be completed by about September 1.

Garrett County then will construct a one-quarter mile road through a new camping area where a wash house is nearing completion. Toilet, bathing and laundry facilities will be provided there for campers.

# Sewer Project Is Completed

Street Department crews recently completed the relocation of the Laing Avenue sewer line.

The project, which included replacing about 1,600 feet of sewer line, was made necessary by the big yard project of the B&O Railroad, which is reimbursing the city for all costs.

Construction costs totaled about \$27,561 and this figure does not include the cost of engineering needed for the project.

The area covered by the abandoned sewer—from South Street to Blackiston Avenue—was taken over by the B&O to widen the yards at that point, and the city relocated the sewer line on the utility strip for the Cumberland Thruway.

# Instructor Commended For Lifesaving Work

Two letters of commendation to the Allegany County Chapter American Red Cross for their work in education in swimming and life-saving have been received by Mrs. George W. Legge, executive secretary.

Both communications were prompted as a result of the successful rescue by John Morris of George Hare this summer, at Constitution Park Pool.

A letter from W. F. Griffith, director of field service for the Eastern Area American National Red Cross, notes that John Morris had just completed life-saving training under the sponsorship of the local Red Cross Chapter at the Camp Lutheryn National Aquatic School.

Mr. Griffith points out that his training was probably a factor in the saving of this life, and that Mr. Morris should be commended for his prompt and efficient action, along with Joel Smith, who assisted him. Mr. Griffith said "his alertness and devotion to duty" are commendable.

# Workshop On Wheels

Walter Frederick Jr., maintenance engineer for the Potomac Edison Company's Western Division, tunes up the 10 KW power plant which is used to operate equipment in the new mobile

workshop assigned to this area. The shop has been built in a converted bus which can be taken on the job as it is needed, and is equipped for a variety of repair jobs.

# City Sewage Is Flowing Into Plant

Blasted Line Is Being Repaired

The contents of sewers are flowing into the city's \$2,000,000 sewage treatment plant, according to Street Commissioner William H. Buchholz.

He said units of the plant are being run a little at a time and that crews of the contractor and the city are making tests as they go along.

There may be a minor delay in full operation, he said, while a sewer line in the vicinity of the Everts Creek pumping station is being repaired.

Crews working on the B&O yard project, he said, blasted out part of a sewer line but are expediting replacement.

The pumping station will receive sewage from lines in the South End and will pump it, by way of a force main, to the main treatment plant.

Today was the target date for the operation of the primary treatment plant.

# Two Questioned In Theft Case

Sheriff James E. Frantz of Garrett County said yesterday two young men were questioned Tuesday in connection with the safe-cracking at the F. G. Fox and Sons Store at Friendsville, but were released.

The two men reside near Friendsville and were only recently released from the West Virginia penitentiary at Moundsville. They had served five-year terms for breaking and entering and stealing junk in Bayard, according to Sheriff Frantz.

The store safe was looted of \$37,510 in cash and bonds. The cash included envelopes containing \$20, \$10, \$5 and \$1 bills amounting to \$12,060, while the U. S. Series E bonds totaled \$25,450. Arnold Fox, son of the founder of the hardware business, yesterday offered a reward of \$500 for information leading to the arrest and conviction of any person involved in the safe-cracking.

# Man Given Preliminary Hearing In Assault

Leon J. Skinner, Silver Spring, who was charged with assault on Mrs. Ruth M. Gibbs, 57, of Virginia Avenue, Monday night, was given a preliminary hearing yesterday in Trial Magistrate Court.

The state prayed a jury trial and Magistrate Donald W. Mason released Skinner on his own recognizance to await the October term of the Circuit Court.

# Driver Battles Runaway Truck Down Mountain

Averts Possible Tragedy On Summit

UNIONTOWN, Pa., July 31 (AP)—With a state policeman's siren clearing his path, a 28-year-old truck driver stuck to the wheel of his big vehicle tonight in a wild ride down a mountain highway and averted a possible tragedy.

Grim and white-faced after his two-mile scrape with death on Summit Mountain, Glen Switzer of Fairmont, Neb., had to be treated for shock.

"I wasn't scared until it was all over," he said weakly. Switzer said the brakes of his tractor-trailer, which was heavily loaded with sugar, failed as he started down the hill. The vehicle's clutch burned out and smoke trailed from the wheels as trooper Reu Silbaugh—who just happened to be cruising by—saw the truck gaining speed.

Silbaugh swung his patrol car in front of the truck and pushed it to maximum speed as he kept his siren wailing. Motorists pulled their cars to the side of the road to give the truck a chance to roar under the sharp curves.

Switzer twice drove perilously off the highway, just grazing the hillside to slow down his vehicle. But he said the speedometer hit the 70-mile-an-hour mark at least.

By the time Switzer roared toward the bottom of the hill and into the small community of Hopwood his policeman friend had shunted motorists and pedestrians to the side of the road. Then, going up a small grade, Switzer deliberately drove his truck into a steep bank. It suffered only minor damage.

As pedestrians gathered around to congratulate him, Switzer—in the father of five children—climbed slowly from the cab. Deliberately, he placed a wooden block under a rear wheel so the truck wouldn't roll backward.

Then, with a faint smile, Switzer collapsed. But he rallied quickly after treatment at a nearby hospital.

# SRC Sells \$2 Million Road Bond Issue

BALTIMORE, July 31 (AP)—The State Roads Commission today sold \$2,288,000 worth of county road building bonds to a syndicate of Baltimore Bankers headed by Alex Brown & Sons.

The issue was sold at an interest rate of 3.5419, per cent which the commission noted was considerably more than a similar issue of county bonds sold for a year ago. The interest rate on that issue was 2.684.

However, today's sale compared favorably with an issue of state roads bonds sold last January at an interest rate of 3.596 per cent.

The bond sale, largely a convenience for the counties, will be paid off by nine counties from their shares of the gasoline tax.

The money will be distributed in this manner: Baltimore County, \$750,000; Calvert, \$30,000; Carroll, \$200,000; Frederick, \$288,000; Garrett, \$210,000; Montgomery, \$276,000; Queen Annes, \$50,000; St. Marys, \$94,000, and Washington, \$190,000.

# PE Maintenance Tasks Speeded By Mobile Shop

A relic of the days when the Potomac Edison Company was in the transportation business is serving here as a mobile workshop for the power company's Western Division.

The former ACF passenger bus was converted recently into a traveling construction shop and assigned to the Cumberland Construction Department.

Painted bright yellow with a white top and jet black trim, the self-powered shop is taken on the job and offers facilities formerly available only in permanent installations.

The idea is not a new one, for the Potomac Edison Company used to have two mobile shops in semi-trailer type rigs. It was decided, when the Blue Ridge Transportation Company was sold last year, to purchase two of the buses so shops could move under their own power.

The mobile shop is equipped with outside connections for acetylene and electric welding equipment.

The interior has been equipped with an air compressor for spraying paint, electric welding equipment, oxygen and acetylene tanks and equipment for gas welding, a bench conduit bender, drill press, grinder, vise, portable saw, portable grinder and large and small electric drills.

A complete line of hand tools and equipment used on construction jobs is also included. Mounted in the vehicle to operate the equipment is a 10-kilowatt 110-220 volt power plant.

Major equipment was installed in Hagerstown but Construction Department workers here have added a work table, storage facilities and space for studying blueprints.

The mobile workshop is available for any construction job in the Valley, Frostburg, Keyser and Cumberland districts, which comprise the PE's Western Division with headquarters in Cumberland.

Much of the planning which went into the shop was done by Walter Frederick Jr., 839 Gehart Drive, maintenance engineer for the Western Division.

The crew of the mobile workshop, designated as PE Vehicle No. 1961, includes Hayden Phillips, Louis Caldwell, Richard Long, John D. Burkett, Richard Phillips, Jerry Matlick, Alvin Mawhinney and Carl Whetzel.

# Clinic Is Planned

The Health Department will hold a child health clinic today at 9:30 a. m. in Corriganville.

# \$51,170 Is Cut From Contract For Two Camps

Staff Will Not Get Cottages

R. L. Hamilton of Westernport has been awarded the contract to build two forestry camps for boys in Garrett County, but the contract he got from the State Department of Public Improvements was only \$71,830, some \$51,170 less than the \$123,000 he hoped to get for the job.

In the first place, instead of pre-fabricated metal, the DPI accepted Mr. Hamilton's \$105,450 bid for constructing the Army barracks type buildings of wood.

No Staff Cottage The contract then was dropped to \$81,480 by eliminating the staff cottage from each of the camps so there will be only two buildings instead of three at each place. Another \$8,880 was dropped by eliminating the recreation area from the main building, which now will include dining hall, kitchen, hobby room and small laundry.

A final \$870 was chopped off by omitting an electric range outlet and feeder from conduit and installing a single feeder, three-inch conduit. That got the contract down to \$71,830 by eliminating one entire cottage at each place and by eliminating one room from the main building.

The dormitory building at each camp will be equipped to house 26 boys and will have a shower room, locker room and quarters for a counselor.

James J. O'Donnell, director of the State Department of Public Improvements, announced back in April that the General Construction Loan of 1956 included \$89,000 for construction of the two camps and \$11,000 for their equipment.

# West Of Lonaconing

One camp will be situated three miles west of Lonaconing and the other on Meadow Mountain seven miles from New Germany.

Mr. O'Donnell also said some time ago that the third structure for supervisory personnel would be added only if funds are ample.

He said then that it might be that this entire building will become a boys' training project. All of the work done by the boys will be threefold in purpose. It will provide training and education, a gainful task, and at the same time will create facilities at a minimal cost.

The first forestry camp in Maryland was opened in May 1955 in Green Ridge Forest. Reasonably good success with boys discharged from the Maryland Training School for Boys and Boys Village prompted the General Assembly to expand this program to three camps, all in Western Maryland.

The only other bidder, the Marshall Lumber Company of Lonaconing, submitted a proposal but only to build metal structures.

# Queen Named For North End

Doris Kasekamp, 16, has been elected Queen of North End Playground.

A daughter of Mr. and Mrs. Robert Kasekamp, Fairview Avenue, she will be a junior at Allegany High School this fall.

Doris will represent North End Playground at the annual Queen contest to be held tomorrow at 8 p. m. in City Hall Auditorium, according to Wilda Winterburg, North End director.

Her sub-teen attendants will be Peggy J. Mackert, 13, Sharon Cunningham, 12, and Shawn Goetz, 8, and Paulette Sheetz, 9, the tiny-tot attendants.

# Iron Workers To Meet

Local 568, Iron Workers Union, will meet Saturday at 8 p. m. in the Allegany Labor Temple. The executive board will meet at 6 p. m.

# Two Men Die In Auto Crash On Route 36

Two Others Hurt, One Critically

Two men were fatally injured and two others were seriously hurt early yesterday when their car went out of control and crashed into two utility poles on State Route 36 near Gilmore. One of the injured was reported in "critical" condition last night at Miners Hospital, Frostburg.

Killed were Edward Junior Robertson, 26, of St. Mary's Terrace, Lonaconing, and Calvin Coolidge Thrasher, 33, of Midland.

Dr. H. V. Deming, deputy county medical examiner, said Robertson died of a crushed chest and internal injuries, while Thrasher succumbed of a hemorrhage. According to Dr. Deming, Thrasher suffered a fractured pelvis, fractured thigh, rib injuries, and abrasions of the lower extremities and face.

# Smith 'Critical'

Patients in Miners Hospital are Billy Powell, 24, of St. Mary's Terrace, Lonaconing, and Ernie Lee Smith, 25, of Lonaconing.

Powell, who is in "fair" condition, was admitted with a concussion, lacerations and in a state of shock. Smith was unconscious when admitted and described as a "severe state of shock." His condition was such that the full extent of his injuries could not be ascertained, although he regained consciousness yesterday.

C. C. Thrasher, day morning, X-rays were taken of Smith, who is "critical," but the results have not been determined. Smith is a school teacher at Essex, and Powell operates a gasoline station in Lonaconing. The Donald R. Wade and Trooper J. H. Switzer of the LaVale State Police barracks, who investigated, said the car in which the group was traveling was owned by Smith, although Robertson was the driver.

The accident happened on a straight stretch of the road north of Lonaconing which is known as a "speedway." According to the state police report the mishap was attributed to excessive speed, causing the vehicle to leave the highway. The right side of the car crashed into a telephone pole, after which the auto skidded sideways about 150 feet before smashing into another utility pole with the other side of the vehicle. The car "turned turtle" after hitting the second pole.

# Pinned In Wreckage

Members of Good Will Volunteer Fire Company at Lonaconing were called to help extricate the injured from the wreck. Robertson was pinned in the wreckage for about a half-hour before being freed. Rescuers (Cont'd. on Page 14, Col. 3)

# Baltimore Milk Producers Seek Price Increase

Move Not Expected To Affect This Area

Price increases being sought by milk producers in the Baltimore area are not expected to affect the cost of milk in the Cumberland milkshed.

Baltimore area producers announced yesterday they will seek increases which could mean a penny a quart boost in prices paid by housewives.

An industry source here said Cumberland area milk prices generally follow the Pennsylvania, or "rea 9" pattern.

The Maryland Cooperative Milk Producers, Inc., said it would ask for a 40-cents-a-hundredweight increase in the price of Class 1 milk, which it sells to dairies for bottling and sale to the public.

There are about 46½ quarts to the hundredweight.

W. P. Sadler, manager of the cooperative, said milk producers in the Baltimore milkshed—the cooperative claims about 2,000 dairy farmers among its members—had been hard hit by drought.

"Dairy farm pastures are parched and brown," said Sadler. In order to maintain milk production at its normal seasonal quantity for this time of year, our producers have been forced to go on a full winter feeding schedule. Today they are using hay and silage stored for the winter."

The cooperative manager noted that the 40-cent increase would make the hundredweight price \$5.90 to Baltimore area dairies, compared with \$6.62 to those in Washington and \$5.90—scheduled to rise to \$6.30, in Philadelphia.

"With these prices, the Baltimore market faces the danger that more and more milk will be attracted away," Sadler said. "Therefore, we are seeking a 40-cent rise in Class 1 prices, effective September 1."

# Area Basketball Contest Begins

Area playoffs in the basketball tournament are under way, according to Mrs. Eva Hogan, general playground supervisor.

Participating are the winning teams chosen in competition in the Pigtail, Senior Boys and Junior Boys leagues on 15 city playgrounds.

The Area 2 playoffs for senior boys began last night at Post Playground. Area champions for junior boys will be chosen in play today at 10 a. m. and for pigtail teams at 11 a. m.

The games are being supervised by Mrs. Jo Ann Eckard, Area 2 supervisor, and John J. Cavanaugh, Post Playground director. Area 1 playoffs begin today at 6:30 p. m. at North End Playground. Mrs. Dorothy Heavener, area supervisor, will be in charge of the competition for all three leagues.

Finals in the annual tournament will be held next week.

# Michigan Man Joins Army Here

M/Sgt. Wesley C. Hartley, local Army recruiter, reported two enlistments yesterday.

Robert K. Morrell, Milford, Mich., who was visiting relatives here, visited the station and decided to enlist for three years. He selected the Corps of Engineers and was assigned for training at Fort Jackson, S. C.

Willard E. Kerns, husband of Mrs. Freda Kerns of Bowman's Addition, a veteran of three years in the Army, enlisted for six years and is assigned to the 19th Engineer Battalion at Fort George C. Meade.

Sgt. Hartley said all branches of Army service are open for enlistment during the month of August, but quotas are limited, and men interested should inquire as early in the month as possible.

# Births

Memorial Hospital

Mr. and Mrs. James W. Dowden, Fort Ashby, W. Va., a daughter last night.

Mr. and Mrs. Hugh J. Dooley, Romney, W. Va., a daughter yesterday.

Mr. and Mrs. Gerald K. Willson, 629 Leiper Street, a son yesterday.

Mr. and Mrs. Herbert Wolfe, Frost Avenue, a son yesterday.

# Aftermath Of Fatal Crash

The demolished car of Ernie Lee Smith, 25, of Lonaconing, is shown off State Route 36 near Gilmore, where it ran out of control early yesterday and hit two utility poles, killing the driver, Edward J. Robertson, 26, Lonaconing, and Calvin Coolidge

Thrasher, 33, Midland, a passenger. Smith and Billy Powell, 24, of Lonaconing, who also were riding in the car, are in Miners Hospital, Frostburg, where Smith was reported "critical" last night, and Powell was in "fair" condition.
